

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/27/2014	(Rabbi Dr.) Susan Einbinder	
05/21/2014	(The Rev.) Gary E. Doupe	End the occupation now!
05/25/2014	A. Greg Danielson	In march 2011 I joined 15 Muslims and Christians to plant olive trees at the Tent of Nations. I realized they wouldn't bear fruit for 5-6 years, but that once they started to produce, they would provide olive oil for hundreds of years. I call on you protest the action of the Israeli government and to hold the government accountable to the rule of law
05/21/2014	A. Loikow	This kind of devastation is illegal and outrageous and has been going on for years. I'm embarrassed that US Gov't Policy supports Israeli actions like these.
05/21/2014	Aaron Kay Smith	This is among the most blatant and profound crimes against humanity we have seen. Anyone who has met Daoud and witnessed his decades of struggle for justice for all concerned regardless of ethnicity is today heartbroken and mourning. He is a follower of the Hebrew prophet Micah: 'What does the LORD require of you but to do justice, and to love kindness, and to walk humbly with your God?' I do not know what faith tradition guides the Israelis ...
05/23/2014	abbas bolurfrushan	When are we going to start to support peace projects? I am devastated by these news. Please use your influence to support justice being served and the Nassar family being reimbursed for the damage done.
05/22/2014	Abby Yanow	I urge you to put more pressure on the government of Israel to stop this illegal, inhumane and evil actions against Daher's Vineyard near Bethlehem. The Tent of Nations is a very popular tourist destination for Christians from all around the world. The Nassar family has territorial rights to the land dating back to the Ottoman time. This needless violence must stop. In its own way it akin the present situation in Nigeria, except the pressure by the Israeli Press to cover up such destruction has blinded the world to such cruelty. I pray that something be done to stop this needless destruction. Pastor Obed Nelson
05/24/2014	Abdessalam Diab	
05/23/2014	Abdul Hafiz Murthuza	resolving this conflict is the key to PEACE in the Middle East
05/23/2014	Abe Qutub	Israeli treatment of landowners is not much worse than nazi treatment of them
05/22/2014	Abigail Harms	Please begin with one act of human kindness and leave them to their farm.
05/30/2014	Abigail Heimach	Justice will be served for all people of faith and nonviolent.
05/22/2014	Abla Nasir	Outrageous!
05/27/2014	abu umar bosanwi	
05/30/2014	Adam Estle	
05/22/2014	Adam Joseph Salisbury	I visited and stayed overnight at the Tent of NATIONS. These people present no threat to Israel and only want to exist.
05/22/2014	Adam Lautman	
05/21/2014	Adam Sher	Please acknowledge and respond to this incident, and the many similar incidents that are ongoing.
05/30/2014	Addison Bross	This family deserves to be allowed to live on their land without harassment!
05/22/2014	adela idilbi	
05/30/2014	Adela Medlock	We Vermonters would be appalled if the government came in and tried to do the same to our farm(s).
05/30/2014	Adrienne Fong	
05/21/2014	Agnes O'Hanlon	
05/24/2014	Ahmed Sakkal	Please act on this horrible situation.
05/23/2014	Ahsen Abbasi	
05/30/2014	Aine Daly	I am alarmed and saddened by this injustice. The oppression suffered by Jews should have taught Israelis not to be so cruel.
05/27/2014	akin atauz	
05/27/2014	Alan Bentz-Letts	

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/25/2014	Alan E. Mayers	I can see no justification for the destruction of the Nassar family's land and crops. That family may 'refuse to be enemies' but Israel is certainly acts as an enemy of the worst kind - not owning their own illegal destruction.
05/21/2014	Alan Miller	The world needs to know what Israel has done. It is despicable that people are being deprived of their livelihood and it is being done intentionally!
05/21/2014	Alan P. Goldstein	As an Israel-American, any decision by the Israeli military to violate rights is deplorable. To do so to those Palestinian institutions most dedicated to peace and reconciliation is self-destructive and warrants the intervention of Israel's closest friend and ally.
05/26/2014	Alan Pyeatt	The Israeli Army's action against the Tent of Nations Farm and Peace Center is an unconscionable horror against human rights. The Daoud Nasser Family has lived on their farm not only as productive members of society but as generous contributors to peace and outreach to their Muslim neighbors. My fears are great for the demise of democracy within Israel and, for the destruction of this model family and farm. Please respond strongly against this action of the Israeli government against the Nassers and speak and act forcefully for the restoration of the land and trees to the Tent of Nations. REspectfully, Rev. Nancy S. Hildebrand
05/23/2014	Albert asfour	
05/24/2014	Albert H. Mayfield	
05/25/2014	Aldo iacobelli	It is high time Israel joined the civilized nations and behaved according to international law
05/28/2014	alejandro issel	
05/22/2014	Alex Bell	
05/21/2014	Alex Elias Awad	
05/21/2014	Alexander Shaw	PLEASE DO SOMETHING ABOUT THIS! I have met Daoud Nassar & last Jan. visited the farm. These are people who refuse to use violence to keep what is theirs. They refuse to be enemies of the Israelis. This is shameful & I am outraged. STOP sending my tax dollars to the Israeli government to fund this kind of violence perpetrated against my friends at the Nassar Farm.
05/23/2014	Alfred Donald Cross	
05/27/2014	Alfred Gerteiny	
05/24/2014	Alice and Richard Leuchtag	
05/21/2014	Alice Diane Kisch	This action against a law abiding peaceful family is an affront to all justice loving people. Some governmental action by Israel should try to make amends.
05/21/2014	Alice Faryna	
05/30/2014	Alice Hickcox	Anyone who destroys the property of human rights supporters like the Lassers is aiding unrest and discontent as opposed to partnership and peace for the good of all and the future of Israel.
05/22/2014	Alice Kast	I visited this land in January, 2012. I was moved by the persistence of the Nasser family to save family land in a peaceful way. There is no justice here.
05/22/2014	Alice M Justice	This cannot be allowed to continue without comment and for the United States to condone these violations of human rights and callous disregard for International Law and the Geneva Convention.
05/22/2014	alice mae graner	Please end this atrocious, illegal and unwarranted harassment.
05/22/2014	Alice Rothchild	I have followed the story of the Tent of Nations for years and now weep at the viciousness of the Israeli military in violation of the rights of a peaceful and peace pursuing family. This action is worse than harassment. It's brutality. It must be censured and the family orchards restored to productivity.
05/23/2014	Alice Schafer	
05/22/2014	Alice Siegfried	We recommend immediate action if we believe in JUSTICE
05/29/2014	Alice Vernon	
05/27/2014	Alice Zachmann	Freedom will not die! Free Palestine!!!!!!
05/22/2014	Alice Zillah	
05/24/2014	Alisa Booze Troetschel	

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/23/2014	Alison Hill	I visited Tent of Nations in November 2012 and was deeply moved by the Nassar family's commitment to sustainable agriculture, respect for the environment, and commitment to peace and nonviolence. The bulldozing of their orchards and grapevines is an outrage and will appall all persons of conscience across the globe who become aware of it - as many well because of the international campaign underway. I urge the U.S. government to cease military aid to Israel until these attacks on human rights and contravention of international law stop.
05/23/2014	Alison Weir	
05/28/2014	Allen L. Wortman	The illegal actions toward the confiscation of lands owned by Palestinians must stop. Israel must establish safe and secure borders and live within them. Palestinians must be allowed self-determination and safe and secure borders as well. the violation of international law and human rights standards by all parties must stop. Yours, Mary G Holt
05/21/2014	Allen Roehl	Peace in this world requires all of us to do unto others....
05/22/2014	Alma Manney	
05/22/2014	Alta Schwartz	
05/22/2014	Alvin Compaan	
05/22/2014	amado subh subh	Shame on the Israeli government - your actions belie your rhetoric about being a democracy.
05/27/2014	Amanda Chandler	
05/22/2014	Amanda Cohen	
05/23/2014	Amos Gvirtz	
05/23/2014	Amy Alpert	
05/28/2014	Amy Ferrara	I have friends who's children have gone to Israel/Palestine to live in a settlement. They will receive free housing, job training and a monthly stipend for coming to Israel/Palestine. This to me is immoral.
05/22/2014	Amy K Higgs	
05/27/2014	Amy Paige	It is a shame that the world has turned a blind eye to the Palestinian plight.
05/23/2014	Amy Williams	
05/21/2014	Amy Wilson	
05/23/2014	anam el-jabali	This is a flagrant violation of human rights and the rule of law in the Occupied Territories that demands a strong response from the United States.
05/23/2014	Anat Matar	Please stand on the right side of history & fully support the Nassar family & their Tent of Nations Peace Project by loudly & publicly condemning the outrageous destruction & death at the hands of Israel's apartheid policies. We Americans are funding these acts of violence & violations of international law. We can start to remove the blood on our hands by ending ALL military aid to Israel.
05/22/2014	Anders Hagglin	I support the Nassars in their integrity.
05/22/2014	Andrea Lin Dedmon	The Nassar family/Tent of Nations are peacemakers!
05/23/2014	Andrea Paret	
05/26/2014	Andrea Petersen	When is the United States government going to stop supporting Israeli brutality and begin to present a fair and reasonable approach to the Palestinians?
05/26/2014	Andrea Wenger	
05/22/2014	Andrea Whitmore	This is written in support of the Nassar Family and their Tent of Nations Peace Project. They are engaged in a peaceful solution to a critical need. They have my full support.
05/23/2014	Andrés Steinmetz	
05/21/2014	Andrew Cornell	

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/23/2014	Andrew Courtney	
05/21/2014	Andrew Griswold	Because I underwrote a tree when I visited the farm in March 2011, I protest in the strongest of terms the destruction of any trees on the farm by this unwarranted and illegal act. The family has deeds to this land going back to Ottoman times. When is the destruction of the land going to stop? I call on the State of Israel and its military to make immediate reparation, replant all trees that were destroyed, and restore each and every dunam of the farm land to arable condition. Now it is not only the Nasser family, but so many people around the world who are bonded to this land through the trees they have underwritten. Israel is most unwise to risk the outrage of so many of us who have visited the farm, and feel strongly that we are also its stakeholders. Through this farm and the Nasser family, we maintain our living connection to this holy land. 'To it the tribes go up, the tribes of the Lord; from the ends of the earth and from all nations they shall come to give honor to his holy name.' Hear, O Israel, and consider: the earth is the Lord's and the fullness thereof. You have been appointed simply to be stewards, and not masters.
05/27/2014	andrew kurban	The arrogance of the Israeli military with the deliberate and unlawful destruction of a family's livelihood on land that is theirs shows a terrible ugliness and injustice.
05/26/2014	Andrew Miller	So many long for food and for peace. Why this wanton destruction? Can it bring you peace? I will pray that your misunderstanding will be transformed into right understanding. May you be free from suffering, may you be at peace.
05/24/2014	Andrew Paul Gutierrez	
05/27/2014	Andrew Politzer	
05/24/2014	Andrew Warren	
05/21/2014	Andrew Whitworth	I have visited the Tent of Nations farm and project. This action by the Israeli military is particularly egregious, insofar as the Nasser family's ownership of their land has been held time and again by Israeli courts to be completely legal, and their effort to resist encroachment has been totally peaceful. If any such action by Israeli authorities and military forces warrants special intervention by the office of a US president at the state to state level, this does.
05/23/2014	Angela Godfrey-Goldstein	We are horrified by the aggressive action of Israeli military to destroy fruit trees in order to confiscate land.
05/22/2014	Angela Megna	
05/23/2014	Angela Perdue	
05/22/2014	Angela Tedder	When will this aggression against common, everyday civilians STOP? We were told after WW II 'Never Forget.' Now the 'oppressed' have become the 'OPPRESSOR!'
05/22/2014	Angela Zimmann, Ph.D.	
05/30/2014	Angelica Harter	I am appalled by this wanton destruction of private property and fruit bearing trees by the Israeli Military, in an effort to expand illegal settlements and destroy efforts at building peace.
05/26/2014	Angelika Schneider	
05/22/2014	angelo douvos	
05/28/2014	Angus Mathieson	I have been a visitor to Daher's Vineyard in 2006. An amazing and beautiful farm with a larger mission
05/23/2014	Anis Racy	
05/26/2014	Anita Fonseca	
05/22/2014	Anke Goetz	I have signed this petition to show my support for all the Palestinians who face this injustice every day from the thugs of idf Zionist gangs
05/30/2014	Ann A. White	Let us work for peace.

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/26/2014	Ann Clune	I was deeply saddened to hear about the destruction of the Nassar family crops, and the action of the Israeli military. I have just returned from a meeting of the B.C. Conference of the United Church of Canada, where a group of us have informed that part of the church (about 450 people in attendance) about the destruction. We call upon the Israeli government to act honourably and compensate the Nassar family for this needless act of aggression.
05/24/2014	Ann D. Taylor	Enough is Enough with destroying these Israeli farm families lives with destruction of their means of living. These are peaceful neighbors and they need our international support of saying NO to this violent means to the families and to God's creation.
05/30/2014	Ann Dolinko	
05/23/2014	Ann H. Weimer	
05/27/2014	Ann Lewis	The Tent of Nations is the truly remarkable work of faithful Christian witness in Palestine. What Israel has done is inexcusable.
05/21/2014	Ann Marie Allen	
05/26/2014	Ann Marie Judson	
05/29/2014	Ann Read	We visited Tent of Nations 2 years ago on a pilgrimage with our church. We were impressed with the work these people were doing in pursuit of peace in the region and we were struck by their efforts to maintain and cultivate their land. They had done all that was needed to prove their rightful ownership. This attack by the Israeli government is yet another example of the atrocious injustices we observed being perpetrated on the Palestinian people. I shudder to think that our government continues to support such actions. Please take this opportunity to speak out in protest and demand restitution for this family and many others who have suffered silently. Joni Dray
05/23/2014	Ann Ulmschneider	
05/21/2014	Ann Welly	We pray for you, your family , your message by refusing to be enemies. We continue to pray for the End of the 46 year Israeli military occupation overPalestine.
05/30/2014	anna scott	
05/22/2014	Anna Shenk	This is an abhorant action and I gladly add my name to alert others to the illegal actions by the Israeli government action.
05/27/2014	Annaita Gandhi	ENOUGH IS ENOUGH. It is time to stop the apartheid against the Palestinian people and demand accountability by the Israeli government.
05/24/2014	anne arseneault	In May 2007 I visited the Nassars and the Tent of Nations. I was profoundly touched by the Nassars non-violent struggle to live on the land that is legally theirs under Israeli law. The destruction of their property by the Israeli Military is a tragic example of the harassment and intimidation peace loving Palestinians have suffered under Israeli occupation. For the sake of Israel's future, unjust acts of aggression like the bulldozing of 1500 fruit trees on the Nassar property must be stopped. Please ensure that justice is upheld.
05/30/2014	Anne Barstow	It is time to stand up for families who are trying to live for peace, on their own land.
05/23/2014	Anne Bracket	
05/23/2014	Anne L. Deneen	
05/23/2014	Anne Martin	
05/23/2014	Anne Olivo	
05/25/2014	Anne Schlesinger	
05/26/2014	Anne Wagener	I visited Tent of Nations as a U.S. college student in 2010 and am appalled by this violation of international law by Israel.
05/23/2014	Anne Weissenborn	
05/22/2014	Anne-Marie Codur	
05/23/2014	annelien kisch-kroon	I know the work of Tent of Nations and have hosted Daoud Nassar in my home after his speaking at University United Methodist Church in Syracuse. He and his work for peace are worthy of our help and stands for a just solution of this problem immediately!

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/23/2014	Annelissa Gray-Lion	Let us be bridge builders. Keep Tent of Nations in the Nassar family.
05/23/2014	Annemarie Jacobs	
05/24/2014	Annette Herskovits	
05/23/2014	Annette Lengyel	Seriously, how can we as a nation support these criminal activities of the Israeli Military? As an active U.S. Christian I don't see how this kind of destruction of a family's orchards and vineyards is humane or just. You will start seeing more of us protest here against Israeli actions like this by divesting of our interests in companies that support Israel.
05/21/2014	Annette Stixrud	I am shocked and very sad at this cowardly and illegal attack on the Tent of Nations. Please make Israel stop their policies of discrimination, intimidation and gross injustice against Palestinians. There is no excuse for this behavior. None.
05/22/2014	Annette Tetreault Lawing	We are heartsick to learn of this assault. We visited Tent of Nations several years ago and planted olive trees in honor of our grandchildren and in hopes of a peaceful productive future for Palestinians
05/22/2014	AnnSofi Danielsson	
05/23/2014	Anthony Ainslie	
05/21/2014	Anthony Clarence Carmichael	
05/23/2014	Anthony Gratrex	As Peace with Justice Coordinator of the Holston Conference of the United Methodist Church I encourage you to investigate this matter and seek justice for the Nassar family and the Tent of Nations.
05/21/2014	Anthony Peck	Stop apartheid in Israel!!!
05/28/2014	Antoinette Byda	
05/24/2014	Antonia Salpeter	
05/23/2014	António Mota Redol	Our government and the EU sits back while all of this takes place. As a Jewish American, I strongly oppose these actions by the Israeli government
05/23/2014	Antonios Karraz	In a time that food is rare and missing at the tables of so many people, to crush the plantation is really a big crime.
05/23/2014	Any Sulluvan	Every human deserves basic human rights and justice.
05/27/2014	April Beckler	
05/30/2014	April Leese	This kind of activity must come to an immediate halt. Honor the commitment to non-violence in any form! The Tent of Nations must be compensated for this tragic attack on life and property.
05/23/2014	Arba Lynn Kenner	May the principles of peace and friendship enter the hearts of my Israeli brothers and sisters. Peace and justice is the only long term solution. Violence does not work.
05/28/2014	Ardis Chapman	
05/24/2014	Aref massoud	
05/29/2014	Arlene Carroll	
05/27/2014	ARLENE COULTER	
05/24/2014	Arlene Scully	
05/22/2014	Arnetta Jones	
05/23/2014	Arnie Voigt	Those of us who know and love Tent of Nations are appalled by the recent incursion by the IDF into that West Bank property with the purpose of eventually acquiring that property to complete a ring of illegal settlements that surround it. Israel has been harassing the Nassar farm for decades to the above end. Similar events are occurring all over the West Bank, some less newsworthy, many much worse, even deadly. It is time to let Israel know that the US will withdraw both political and financial support from it until it ends these illegal attempts to acquire Palestinian property. NB: that the IDF is the world's most moral military is garbage believed only by those who have never scrutinized its behavior toward the Palestinians. Read up!
05/25/2014	Arnold J. Voigt	I have been at the Tent of Nations for several times in the years 2010 and 2011, planting trees and joining peoples life. This project and the people living there are near to my heart.

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/23/2014	Arthur Alpert	I am sorry for this families suffering.
05/29/2014	Arthur H Dorland	
05/22/2014	Arthur H. Miller	This is a disgrace. Yes, enough is enough!

05/23/2014	asma azimi	
05/23/2014	attorney harold burbank	These actions are in opposition to civil rights, decency and humanity. We don't know how the people involved in such restrictions can sleep at night, nor face themselves in the mirror.
05/23/2014	Aziz B Shalaby	Barbaric activity by Israel must be stopped
05/23/2014	Bahar Sharafi	This destroying of trees is cruel and our US dollars should not support it.
05/27/2014	Baquer Namazi	Stop the hate! Make PEACE, not destruction!
05/21/2014	Barb Colvin	There certainly is no moral justification for destroying this farm or continuing to take land and resources away from the Palestinian people!
05/23/2014	Barbara	It was never truthfully acceptable and is now not even socially or politically acceptable to support Israel in its devastating actions against Palastine. It is not a balanced issue with two sides to the argument the way the press claims and it is clearly not a victimized Israel the way our government claims. History will remember Obama as a hero if he steps in and as a yet another pawn if he does not. I am a 28 year old Progressive and I voted for Obama with trepidation...I will be paying attention to anyone brave enough to voice their dissent of Israel's apartheid-like actions.
05/23/2014	Barbara and Jim Dale	
05/27/2014	Barbara Ann Schmutzler	I know Daoud personally , he and his family are so very nice and dont deserve this TERRORISM !!! THIS ABUSE AND POSILBE LAND THEFT.. PLEASE HELP THIS PEACEFUL MISSON FARM GOING ..
05/23/2014	Barbara B. Troxell	
05/22/2014	Barbara Bogard	
06/01/2014	Barbara Clawson	Please work for peace not destruction.
05/23/2014	Barbara Cummings	Will the horrors Israel inflicts ever end? Will the US ever end its complicity?
05/21/2014	Barbara D. Smith	When will our government stop supporting illegal actions which violate basic human rights carried out by the Israeli military.
05/23/2014	Barbara Dickins	All necessary pressure must be exerted against the Israeli military's illegal oppression of Palestinian peoples.
05/24/2014	Barbara E Larcom	
05/23/2014	Barbara Eggleston	I am revulsed at what is happening. Please do something to stop this brutality and outright cruelty.
05/22/2014	Barbara Eikost	I hope you will try to redress this unjust action.
05/29/2014	Barbara Ellson	
05/23/2014	Barbara Erickson	
05/28/2014	Barbara Exley	The Nassar family's Tent of Nations Peace Project should be protected not attacked. The destruction of the fruit trees was a terrible injustice.
05/22/2014	Barbara Gregg	
05/22/2014	Barbara Grossman	We are outraged at this latest episode of Israeli bullying and destruction of Palestinian land, which in this case has been in the family for centuries, and are also dismayed that our government continues to subsidize this immoral and unethical regime and to defend it in the United Nations.
05/24/2014	Barbara Hanst	
05/24/2014	Barbara Hynes	
05/24/2014	BARBARA JOYCE FLAHERTY	It is obvious Israel wants no peace. Shame, shame.

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

06/01/2014	Barbara Nilenders	We stand with the Nassar family in what is at root a faith struggle, the refusal to treat others as enemies, even though they have been treated as such!
05/29/2014	Barbara P Flannagan	For years the presence of this family has been a blessing to everyone. No one is excluded. It is sheer evil that is a destructive force to God's earth and families. In the name of humanity, please help end the violence.
05/28/2014	Barbara Peter	Please allow this family to live on their rightfully owned land, in peace.
05/24/2014	Barbara R Rossing	Please stand up for justice for the Nassar family, and its right to grow food on its own land.
05/23/2014	Barbara Roberts	
05/23/2014	Barbara Snell	This is an act of war against people committed to peace. The tent of nations should be respected as a token of peaceful coexistence.
05/23/2014	barbara Spoerl	The treatment of this family, and their friends, is horrific. I don't want my tax dollars paying for these Apartheid-like actions by the rightist Israeli government.
05/22/2014	Barbara W. Dean	The tragedy of the trees being destroyed and the family being a peaceful and just family must be condemned.
05/22/2014	Barbara Walston	
05/24/2014	Barbara Whitehair	These are state sanctioned unethical actions that mock the concept of Gods Justice. You should be ashamed of the effect on your actions on the conscience of your people. There is no excuse for your actions.
05/22/2014	Barbara Whitmore	The rampant destruction of Palestinian homes and farms in the occupied territories has become intolerable. I am also concerned, especially, of settler contamination of the, already, limited water supply allowed by Israel. WATER is so important to the agricultural life of the Palestinians. This is the Israeli process of ethnic cleansing which the USA is supporting through billions in aid and diplomatic avenues. Our shame will come back to haunt us!!!
05/21/2014	Barbara Wien	No country that wants peace would do omething like this. Israel must be punished
05/23/2014	bargas hatem	I spent two days at Tent of Nations last year and made a donation to have a tree planted. Daoud Nasser is peace loving man trying to prevent his family' s land from being taken by the Israeli government. He has been fighting for his rights in the Israeli courts. His family has documents showing a chain of title to his land for close to 100 years. The unconscionable act of destroying the fruit trees and grape vineyards on his land needs to be severely punished.

05/22/2014	bernadene zennie	I planted 5 trees on the Nassar family farm in 2008. It saddens me greatly to hear that their property is being destroyed. Enough is enough! Stop building illegal settlements and taking over the water access to Palestinians!!
05/28/2014	Bernadette Cronin-Geller	
05/23/2014	bernard canavan	This act of violence perpetrated on this family's farm is an outrageous breach of justice perpetrated against a family who simply want to live and work on their land peacefully.

05/25/2014	Betty Likis	It is absolute sickening to read and hear, what under the Isaeli occupation is done on a daily base to the Palestinian people. And there is no one that can take the initiative to stop these crimes and accuse the Israeli government in the international court in Genève?
05/22/2014	Betty Anne McCoy	This is NOT reflective of the policies of a 'democracy'. The Nassar family has deeds going back to the Ottoman era. T^here is NO excuse for the continued land theft on the occupied territories.

05/23/2014	brenda barnard	What will it take for my beloved country, the United States of America, and our President and Congress, to stand up for basic human fairness and basic human dignity, which they profess to as representatives of the people of our land. This attack and destruction of private property is the last straw. I actually know this beautiful, peaceful family from Christmas Lutheran Church and they are devastated by this action. Please, please stand behind 'our constitution' and step into this. You are certainly aware, as are all US voters, that Israel would never do these types of destructive action without the eye of the US leadership turning and not looking or responding. Please help.
05/25/2014	Brenda C. Holliday	Shame on Israel, which wants to be seen as a democracy and a civilized place. This report indicates that Israel's Military Authorities have not followed either Israel's law that no demolition or evacuation should proceed once an appeal is in process and Israel's Supreme Court declaration that the Nassar family should continue with re-registering their ownership of the land.

05/24/2014	Brother Henry Werner, F.S.C.	The Nasser family are Christians who have been working for many years to bring peace and understanding between Christians, Jews and Muslims in the area. I visited the Tent of Nations last November bringing a gift from my church to encourage the Nasser brothers in their work of conservation and recycling.
05/24/2014	Brother Robert Lentz, O.F.M.	This recent and cruel destruction of invaluable fruit trees on the land of the Nassar family is illegal and immoral. It makes a mockery of Israel's claim to be a highly functioning democracy where laws are respected and the rights of all citizens are protected. I have met Daoud Nassar and heard his account of the history of his ancestors' use of the land over many generations. He is a Christian who is deeply committed to nonviolence and who has lived out his faith and his ethics in a truly remark-able way in the face of systemic violence intended to make him and his family leave the land they love, legally own and have used wisely for many generations. It is but another tragic example of the illegal expansion of Israel on the West Bank that is the primary cause that repeated efforts to make peace between Israelis and Palestinians have failed. It saddens me more than I can say. Jean Martensen
05/24/2014	Bruce & Faith Bonecutter	What a sad event. Let's us pary for Peace.
05/27/2014	Bruce C Dubey	What has happened to the Nassar family is a blatant injustice and moral travesty.
05/22/2014	Bruce DeLaney	This destruction was totally unnecessary and avoidable. What does Israel require of Palestinians?
05/25/2014	Bruce France	As a personal friend of the Nassar family over many years, I can attest to their ongoing and deeply principled actions to bring about peace and reconciliation within their local Israeli/Palestinian context. The sign painted on a stone by the entrance to their farm says it very simply . . . in Arabic, English, and German: 'We refuse to be enemies.' This family deserves the full support of the US government in their search for justice vis-a-vis their land, their (newly destroyed) trees and grapevines, and in their ongoing efforts to bring about reconciliation between Israelis and Palestinians. I urge President Barack Obama and Secretary of State John Kerry to take prompt and potent action to redress the injustices that have been enacted against the Nassar family.
05/21/2014	Bruce Norman Fisk	No one who examines the facts in this case in good faith can excuse this wanton destruction.

05/29/2014	C Kleymeyer	After 4 trips to Israel and Occupied Palestine since 2008 I am increasingly dismayed at my country's support of Israel and its clear disregard for Israel's violation of human rights. I am also a Christian supporting the Episcopal Diocese of Jerusalem which supports a number of schools, clinics and hospitals in Israel, Occupied Palestine, Gaza and Jordan. Israel's message that Christians are well treated is a blatant lie made obvious by actions like the recent destruction of the orchards in the Christian Tent of Nations. This was solely for the purpose of making room to expand nearby settlements.

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/24/2014	Carl Freeman	Israel has been using illegal methods to confiscate desirable land for decades. Why is this action tolerated by the U.S. Government? Is there no way that we can urge them to stop with their (often violent) land takeovers? Besides being illegal, this is ethically wrong and adds fuel to the fire of terrorists who use these actions to support their notion of the U.S. as the 'great enemy'.
05/22/2014	Carl Holland	I will never forget my visit to the Tent of Nations in May 2012. What loving, caring people the Nassars are in spite of the many atrocities they have suffered. And now this! Absolutely unbelievable. Please do everything in your power to see that justice is done!
05/27/2014	Carl Scala	
05/22/2014	Carl Schieren	The dignity of all humans should be respected. The ability of a family to farm land that they own must be respected for a civil society.
05/22/2014	Carla Burres	It is an outrage to harm peaceful venues.
05/24/2014	Carla DeSola Eaton	How sad it was to hear of the bulldozing of the wonderful, farm of the Nassar family, the Tent of Nations Peace Project. I worked in Palestine for a time and saw bulldozers bulldozing ripe plum trees at Beit Omar, not far from this same location. The horror of this illegal and inhumane act shows how much the Israeli is willing to do to destroy Palestinian life and livelihood. The acts of Israel against the Palestinian people should be brought to the International Criminal Court.

05/31/2014	Carol Henig	I have visited with this Lutheran Christian family and admire their courage and determination in the face of danger and oppression. This occupation must end. Peace must prevail through justice.

05/23/2014	Cathleen Krahe	Having visited the Tent of Nations in fall, 2013, I can attest to the peaceful and legal activities engaged in by the organization. What Israel has done to this family and their farm is the height of injustice, illegality under all domestic and international law, and a crime against humanity. The United States should cease all financial support of Israel immediately pending reparations for the harm it has done to this property and an Israeli commitment to let Tent of Nations live in peace.
05/21/2014	Cathryn Surgenor	Apartheid is to weak a word for this atrocity!
05/26/2014	Cathryn T Surgenor	The fact that the Israeli army took this action on the eve of the Pope's visit is a clear sign that the government is indifferent to the concerns of the world's Christians.

05/28/2014	Christopher Roger Whitfield	As an Israeli citizen I am despondent at the wholesale dispossession of the Palestinian people in terms of land, resources and dignity. I urge world leadership to speak out loudly against the violation of human rights which is endemic in the policies and actions Israel vis a vis the Palestinian people.
05/21/2014	Christy Wise	U.S. should stop financial support of Israel when it does such outrageous acts.
05/26/2014	Chuck Donegan	Israel, have you no sense of right and wrong?

05/22/2014	Clinton Akerberg	I am praying for all parties involved and hope that progressive and reasonable solutions can be reached.
05/22/2014	Coleen Trifrhalt	I am horrified by the destruction of the property of Tent of Nations. These are people committed to peace, who refuse to hate the Israeli government that tries to eliminate them and chase them off their land. This is a shameful action.
05/24/2014	Colin Berg	The Tent of Nations is an indigenous peaceful efforts to bring witness that living together in freedom, justice in community will be the hope and realization of all of humanity. It will not be based on military occupation, dehumanization and oppression of people. To have this destroyed by occupying forces is not only antithetical, but a gross injustice -- and another example of real government terrorism!
05/26/2014	Colin Jones	
05/23/2014	Colin Maddock	
05/22/2014	Colin Wallace Radord	I have visited the good folks at Tent of Nations, not far from Bethlehem, and was very impressed with their work under adverse circumstances.

05/28/2014	Colleen Jersild	
05/26/2014	Connie Haack	Such a cruel, senseless act.
05/21/2014	Connie Hammond	I have been to the site several times. This property is only used to promote peace and friendship. Why harm the trees and the family's ability to support peacemaking activities?
05/23/2014	Connie Hurtt	The destruction of the trees is despicable!
05/28/2014	Connie Ronnow	I visited the Tent of Nations last year. I met the Nassar family and learned about the work they are doing towards peace in Israel and Palestine. The deliberate destruction of their fruit trees is heartbreaking and soul destroying and a deliberate effort to remove them from their land. Please speak out to help them and all people in Palestine and Israel who are living under occupation.
05/23/2014	Connie Thompson	
05/23/2014	Constance Keegan	The US needs to take action against this, and the many other acts of destruction by Israel against peaceful Palestinian entities, by effecting positive change in policies.
05/22/2014	Constance Weir	The attacks on persons seeking peaceful ways of living cry to God. My deep distrust of Israel grows and I hope the UN soon takes notice of the horrific way the Usraeli military are acting. I will support any economic sanctions against Israel for their action.
05/24/2014	Cornelia van Thiel	We have visited Daoud Nasser at the Tent of Nations farm and found the best of humanity in Daoud and the volunteers at the farm. The cruelty of this action is a crime against nature, peace, justice and everything that makes us human.
05/28/2014	Courtney M Carter	I visited Tent of Nations in November 2012 and was deeply moved by the Nassar family's commitment to sustainable agriculture, protection of the environment, peace, reconciliation and nonviolence. The destruction of their fruit trees and grapevines is an attack on humanity and on the environment and is an outrage that offends anyone without a conscience.

05/27/2014	Craig Berman	
06/01/2014	Cressida Lui	I am outraged at the Israeli injustice in the destruction on the property of the Nassar family on May 19, 2014. I have visited the Tent of Nations and know this family to be peace loving and no threat to Israel. Their message of love continues to out weigh the destruction perpetrated by Israel.
05/23/2014	Cris Larson	As a American we need to condone and help the Tent of Nations and require the Israel to make amends and refrain from further damage to people.
05/23/2014	Cristina Malcolmson	Please use your influence to stop the Palestinian injustices
05/22/2014	Crystal Zevon	Apartheid/apart-hate enforced by the Military of Israeli Government cannot/must not be justified or tolerated, or supported by our tax \$\$\$, making the US complicit in atrocities against Peacemakers
05/21/2014	Cynthia Beardslee	Please take seriously the injustices being done at daoud nasser's farm.
05/22/2014	Cynthia Briggs	Speak out and support these Palestian peacemakers. Tell Israel to stop persecutions and bulldozers and return to peace.
05/23/2014	cynthia kent	I remember seeing the advancing Israeli settlements near Bethlehem when we visited in 1980. Even then there was great concern. This is a tragic example of their ongoing, expanding efforts.

05/24/2014	D. Beardman	Please bring justice to the Nassar family and all those living under Israeli occupation! The mission of Tent of Nations is to 'bring people of various cultures together to build bridges of understanding, reconciliation, and peace.' Isn't this what the U.S. WANTS?
05/24/2014	D. Emily Brown	
05/25/2014	D. Lowell Nissley	I have had the privilege of visiting the Tent of Nations and the farm represents the way forward for the region. Peaceful and accepting. A positive way rather than full of anger and destruction. I urge people to support the family and farm.

05/24/2014	Dan Martinez	We would like to seriously protest the destruction of 1500+ fruit trees and terraces, and the other constant harassment by Israeli officials, of the Daoud Nassar family and farm. This Christian family has documented ownership of the land since the Ottoman Empire, and are a great force working for peace, tolerance, and cooperation - Christian, Jewish, and Muslim. 05/22/2014	Dannah Farah	What at first seemed a brave attempt to find a safe place for the Jewish people has turned into a massacre of Palestinians, their land and their human rights. The world has watched and has turned against Israel. The theft of this land is only one example.
05/28/2014	Danut Manastireanu	Why would anyone destroy fruit trees regardless of whose land they were on? Definitely an act of violence and Israeli military should be required to replant and seize their acts of violence and destruction.

The US should denounce the Israeli government's violent attack on Tent of Nation's human rights and implement tangible consequences. US aid to Israel should be curtailed and given to Tent of Nations in an amount sufficient to restore its land and replace lost production.
05/21/2014	David Depp	I have heard Dauod Nassar speak and several occasion at our conferences on Cape Cod, have the highest regard for his families mission for peace, non violence and refusal to be enemies, I am filled with very deep sadness and anger and this most recent Israeli attack on their family farm. Otherwise we should face the fact that begging from war criminals = a bad idea and every single addressee of this P falls into that category. Better to ask us residents of JAPE or the Jewish-American Planetary Empire to petition to relatively honorable world figures such as the leaders of Russia, China, Iran, Hezbollah, Bolivia, Venezuela, Vietnam, South Africa etc. to support a worldwide campaign to arrest all mass murderers.

05/23/2014	Donald Saunders	
05/28/2014	Donald T. Cowles	I have not previously been acquainted with the Tent of Nations situation. I cannot understand why the Israeli military took action while an appeal was pending. I do know that the Nassar property is in Area C and adjacent to Israeli settlements. It is not unreasonable to think that the purpose in taking the land is to allow more land for the settlements, which are viewed by virtually all the world as illegal under international law. Because I know that members of Mr. Netanyahu's governing coalition have recently called for Israel's annexation of Area C, I also suspect that the actions taken in this matter are part of a larger effort to take as much of Palestinian land as possible before leaving them with no more than a rump, and unviable, political entity in Areas A and B. This is not the way to peace.
05/23/2014	Donald Wayne Turman	Please let the Nassar family retain their structures and live in peace.

05/23/2014	Doris Rausch	<p>To whom it may concern,</p> <p>After visiting the Tent of Nations just weeks ago, I was deeply saddened to hear of the recent demolitions by the IDF. This community was one with the mission of waging peace in the face of war, and the demolition of this project is detrimental for the Nasser family, for those who benefited from the Tent of Nations programs, and is ultimately detrimental to the peace process. To the United States Government and Government Officials, I would like to remind you of your role as a broker, and plead you to live up to the ideal of acting as an 'honest broker.' While the pull of American public opinion in their support of Israel is great, this conflict has gone on for too long, and has claimed too many lives, to merit the United States' unconditional support of Israel. If the two state solution is in fact what you seek, then Israel's continuing intrenchment in the Palestinian territories through settlement building and the building of the Separation Wall is only detrimental in setting up Palestine for success as a viable state. Thank you, and I again request your assistance in coming to the aid of the Nasser family and the Tent of Nations on behalf of peace for the Palestinians, Israelis and the entire international community.</p> <p>Sincerely, Hannah Early</p>

05/27/2014	Dr Dwyer Sullivan	I know members of the Nassar family personally and I am outraged by the military action taken against them. It seems that they IDF is a law unto itself, disregarding the Israeli civil law process. They are being treated in an unjust manner.
05/23/2014	Dr Jack G Shaheen	This is indefensible behavior.
05/23/2014	Dr K N I Bell (PhD)	This is an outrage and further undercuts support for Israel by its unjust actions. Please stop this action so that Israel and Palestine may have a chance to live in peace.
05/23/2014	Dr Kyle Nash	
05/28/2014	Dr Michael Marten	
05/30/2014	Dr Richard H Leon	
05/30/2014	Dr. Angela Waldegg	I am a Jew, by Jewish law, and a Unitarian Universalist by affiliation. I just visited Israel and Palestine for the first time. I was struck by the beauty of the land, the great sense of history, by how precious this place is to so many people. I also saw the settlements, on the prime land on hilltops, in what is Palestinian territory. Rich, new developments in the midst of poverty. I saw the 'fence.' The settlements are bad for the Palestinians and bad for the Israelis. They are maintained at the cost of peace and morality. I have just learned of the Tent of Nations farm. I applaud what the family there is doing - building relationships between people regardless of religion and history. It would be a tragedy if this project is destroyed. Please stop the Israeli government from doing this tragic and immoral thing.
05/23/2014	Dr. Charlotte J. Andrews	Time for these Bible demons to be returned to Kahzaria where Messer Putin can 'control' this Jewish 'Spawn-of-Iblis' with some of the ancient remedies that have been shown to work: Zyklon-B. Agent Orange and a 'Golden Calf' made from 'Nuclear reactor U-237 tailings' currently being used by the Great Satan in DU munitions.
05/27/2014	Dr. David N. Patterson	Why bulldoze fruit trees? Even Ahab did not do that, he just stole the grape orchard. You make everyone losers when you do this, especially yourself.
05/24/2014	Dr. Dixiane Hallaj	Where does the violence, destruction and illegal occupation end? Unfortunately, it doesn't appear it's going to do so.
05/23/2014	Dr. George Spagna	
05/24/2014	Dr. Ghada Ageel, University of Alberta	Enough is enough. The settlers are the problem. Please see that justice is done. This does not speak well for Israelis.

05/25/2014	Dr. Joy Lapp	I am recently returned from a tour of the area and want to see my country helping to resolve the problems rather than siding with the destruction.

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/21/2014	Dr. Linda Kateeb	A sad day for Israel and the Nasser family. Patience in such circumstances is hard but peace building is not for the fainthearted. I truly am left wondering whether ordinary Israelis know of such actions as destroying family farms that have been owned for generations. Maybe however that is just wishful thinking out of my love for many Israeli friends and family.
05/23/2014	Dr. Madlon T. Laster	
05/24/2014	Dr. Nancy E. Boyer	Oppression of peaceful Palestinian people will not bring peace to Israel. Please act on behalf of justice.
05/25/2014	Dr. Roger C. Johnson, Ph.D.	This appears to be an illegal action by the Israeli government, which should be held accountable and pay the family for the damages.
05/21/2014	Dr. Sarah Marusek	
05/21/2014	Dr. Stephen Oren	The destruction of Daher's Vineyard is an outrage.

05/23/2014	Dr. Waleed & Janan Najeeb	So terribly sad...
05/21/2014	Drew cohen	I visited Tent of Nations during October 2012. What a welcoming place for all people! The recent acts of destruction disturb me greatly: they are inconceivably nasty and incredibly unjust!

05/21/2014	Ed Averill	Israel's illegal and immoral actions against the Nasser family are emblematic of Israel's actions through out the Occupied Territories. 05/21/2014	Eddie Brooks	It's a crime against people and against the life of trees. I am happy that Jews can live in their own country, but please let the Palestinians live and work on their own piece of ground. This destruction doesn't solve any problem but creates them.
05/26/2014	Edie Nebel	
05/26/2014	Edison Casado	If Americans were really friends of Israel, we wouldn't enable their theft of Palestinian land and resources, and denial of their right to self-government. Instead, we would encourage them to respect everyone's right to life, liberty, and property.
05/22/2014	Edith Cacciatore	We stand with the Nassar Family in staying on their land and cultivate their land despite intimidation and harassment.

05/21/2014	Edward and Phyllis Campbell	Israeli policy towards Palestinians is precipitating world condemnation. Apartheid did not bring peace to South Africa, it will not bring peace to Israel, either. Israel does not pursue a policy of peace.

05/28/2014	Edward C McCarthy	Israel, what kind of world do you think you are building with this kind of action? It's as if you are trying to offend all intelligent, peace-loving people.

05/25/2014	Edward Gehres	I feel saddened that the work I put into all the planting at the Tent of Nations last Spring has been violated and it feels like a personal attack. It is such a beautiful peaceful and inspiring site.

05/21/2014	elaine bachman	I find this act outrageous and demand that the State Department investigate this incident and hold the IDF responsible. We have lost our credibility in the Middle East because of inaction to incidents like this. It is time to stand up to the Israeli government and demand that they be accountable for actions such as this. Thank you.
05/21/2014	Elaine Brouillard	I have personally visited Tent of Nations and hosted Daoud Nassar in my home. He is truly committed to non-violence and living in peace. It is reprehensible that the Israeli government illegally seizes Palestinian land and destroys agriculture. It is imperative that restitution be made to the Nassar family and that Israel ceases its violation of Palestinian human rights.

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/21/2014	Elaine Johnson	Through the IDF actions at TON, as in countless other places in the West Bank, Israel carries out its clear intention to take the land, with no regard for international law, or even its own Supreme Court rulings. Since this is Area C, Israel makes the law - military law - and the world watches. BDS is a step in the right direction. Israel needs to be held accountable for its immoral actions, and BDS does just that.
05/23/2014	Elaine Marie Kinch	
05/21/2014	Elaine Stanislawski	This latest action by the Israeli Military is a violation of the Israeli law, fundamental human decency, and brings to mind Hitler and Stalin. The Officer responsible should be court-martialed.

05/21/2014	Eleanor Beth Moore	
05/23/2014	Eleanor L Ommani	I endorse all that's said in the petition letter. I know friends who have visited and spoken of The Tent of Nations. When will the USA be kind enough to restrain Israel's illegal excesses effectively, with more than words?
05/24/2014	Eleanor Preiss	It is an act of terrible sickness to destroy a bearing fruit tree. I weep for the Nassar family and the Tent of Nations. I also weep for the sickness of people who feel threatened by the refusal to be enemies.
05/23/2014	Eleanor Stethers	
05/30/2014	Eleanor Wesley	
05/23/2014	Elese Sizemore	I have visited the Tent of Nations where peace and tranquility prevail. Israel's attack on this family and their land is a travesty and it should be recognised as such by the rest of the civilised world. Now is the time to take action against Israel's state terrorism by placing harsh sanctions against them.

05/24/2014	elisabeth eveleigh	Deplore very cruel action against people and trees.
05/22/2014	Elisabeth Simpson	
05/26/2014	Elisabeth Trost-Shahata	This action by the Israelis is just more evidence of that government intent to reduce further the size of Palestine.
05/21/2014	Elise Goldin	I am heartsick at this new crime in Israel's war against the people of Palestine and against International Law. The U.S. should show that it values 'liberty and justice for all,' by condemning Israel's crimes and stopping all aid.
05/25/2014	Elise Sauder	When people destroy food they commit murder. Check out Exodus 20:13 or Deuteronomy 5:17. These laws handed down to Moses years ago apply the following three religions: Jew, Christian and Islam.

05/29/2014	Elizabeth Corrie	Why is Israel never held to account for these acts of vandalism and destruction?
05/23/2014	Elizabeth Day	Israeli settlements are not neighbors, they are part of the colonization and ethnic cleansing of Palestine. It is they who pose the treat to the 'neighboring' native Palestinian community. Israeli military actions in destroying Tent of Nations land is a symptom of the overall problem. It is well past time to end the problem - the occupation, colonization and ethnic cleansing of Palestine. When Israel recognizes this, when restorative justice is implemented, then people can find real neighbors. It is possible.

05/30/2014	Elizabeth Evans	<p>ARSON</p> <p>An evening breeze whispers through the ripe olive grove, “Ashes to ashes.”</p> <p>Magnificent, thick, twisted trunks, rooted in poor soil, withstanding drought for centuries, are ignited by settlers, leaving crackling torches in the night, incinerating an entire crop - tended for generations - forever!</p> <p>Wind wafts the wailing.</p>
05/27/2014	Elizabeth G Woolever	<p>As a person who grew up voiceless and without any rights anyone was obliged to respect, I just wanted to register my protests to actions reminiscent of what the Nazis did to the Jews, the United States did to Native Americans, South Africa and Rhodesia did to native black people in Africa, and American racists did to black people during Jim Crow. As a Christian, I criticize the maltreatment heaped upon the poor and mostly abandoned children in the Christian orphanage: that does not mean I am anti-Christian. I am an American who criticizes injustice here: that does not make me anti-American. I criticize racial discrimination by white people; that does not make me anti-white people. I criticized apartheid: that did not make me anti-African or anti-South African or anti-Rhodesia. I support Jewish values, including tikvah and the requirements of Torah and Talmud to do justice. My criticism of bans of non-Jews on buses in Palestine (amounting to de jure discrimination on the basis of ethnicity and religion just like Nazi German discrimination against Jews), and destruction of Palestinian crops and desecration of churches and mosques by illegal settlers in violation of the same international laws applicable to Crimea and Ukraine) does not make me anti-Israel or anti-Semitic. By the way, are not Palestinians semites?</p> <p>I believe in the inalienable rights set forth in the United States Constitution, the Bill of Rights, and the Declaration of US Independence. Those include the rights of all people, regardless of race, religion, ethnicity or nationality to life, liberty and property. Those apply whether being done by the Israeli government or by German Nazis. If this flouting of the US creed and, I thought, the teachings of Judaism, the Ten Commandments continues, I, who supports the right of existence and self-determination of both Israel and Palestine, I will begin urging my government to stop spending US taxpayer dollars on practices that flout the American creed and that of the West, and a common humanity.</p>
05/23/2014	Elizabeth Gilarowski	The rule of law needs to be upheld. The US should demand that Israel stop such actions, help restore the damage, and pay for damages.
05/26/2014	Elizabeth Holsinger Shenk	Unthinkable cruel and destructive behavior--not that of a civilized nation.
05/24/2014	Elizabeth J. Ebsen	We need to stop supporting the apartheid inside Israel and the military occupation of the Palestine outside Israel.
05/22/2014	Elizabeth Keiser	This is deeply heartbreaking.
05/22/2014	Elizabeth Krentz-Wee	
05/28/2014	Elizabeth Maxwell	A retired minister in our Justice and Peace group (and a supporter of Israel) remarked that-in the Old Testament - taking fruit of trees is allowed BUT NOT THEIR DESTRUCTION. He cannot support this action by Israel.
05/30/2014	Elizabeth McPherson	I have visited this wonderful farm of peace and implore you with all of my heart to look into this egregious action. It is against all of the principles the US holds dear. How can we even begin to say we support Israel because it is a democracy. This is not the way a democracy behaves.

05/25/2014	elizabeth northrop	The continual harassment of the Doud family is a violation of Human Rights. Israel must respect the ownership of the land that has been in the family for longer than the State of Israel has been in existence.
05/21/2014	Elizabeth Ordonez	I do not understand why the leaders of our government support, finance, and even applaud the outrageous treatment of the Palestinians by the government of Israel. By supporting this behavior, our nation itself becomes guilty of it.

05/23/2014	Elizabeth Stinson	
05/30/2014	Elizabeth Valenze	This action is illegal and atrocious and those responsible should be jailed. It is long past time for the Israeli government to stop mistreating the Palestinians and this destructive action is contemptible.
05/21/2014	Elizabeth W. Hofmeister	peace and justice for all !
05/23/2014	Ellen Broms	
05/23/2014	Ellen Hünigen-Schmidt	How can the leaders of a nation, which calls itself a democracy and believes in the rule of law, permit their military forces to perpetrate such destruction? It seems doubly horrific when one considers the past history of treatment of their recent ancestors by other fascist totalitarian states in the 1930's and 40's. With that experience as part of the national ethos, one would expect the Israeli government to be especially sensitive about the suffering of those who find themselves occupied and cut off from all reasonable human contact with the rest of the world. Alas, instead of sensitivity these leaders are perpetuating the very same inhumane treatment of an occupied people which their ancestors suffered. Shame on them.
05/22/2014	Ellen Lankhorst	
05/25/2014	Ellen M. Ortman	Bulldozing these trees is illegal, unethical, idolatrous and daemonic - and responsible Israeli authorities should be ashamed of themselves and their motives.
05/21/2014	Ellen Murphy	I have followed the information on Ten of Nations for years. I am convinced that what Israel has done on May 19, 2014 is a crime. I can no longer believe in the state of Israel for its inhumane actions.
05/22/2014	Ellen Naomi Rogers	The military violated their own laws in an act of political oppression. When will it stop?
05/29/2014	Ellen Peterson	These are long-time Christian Palestinians, trying hard to live peacefully with their neighbors, while also trying all peaceful avenues to stand up for their human and legal rights. My wife and I visited Palestine and Israel a year ago and witnessed first-hand the harassment and apartheid policies of the military rule and its violations in the occupied territories. The army's separate-justice favors the illegal squatters (so-called 'settlers') on their commandeered land and unequal control of essential services.
05/22/2014	Ellen R. Stone	Enough is enough. WHEN IS ISRAEL GOING TO BE HELD ACCOUNTABLE?
05/22/2014	Ellen Rice	It is about time for the whole world to put a stop to the Zionist policy of Israel.

05/21/2014	Elsa Marston Harik	This is senseless aggression against a family that is respectful and kind towards the environment, the land and the surrounding community. I am ashamed to see the IDF being used as a bullying force. I feel sorry for the soldiers we send to do such harm.

05/22/2014	Emily Hershberger	We just planted olive trees at The Tent of Nations in memory of our mother. 05/29/2014	Emily McCoy	
05/21/2014	Emily Peterson	The Nassar family has acted with nothing but peaceful respect and patient love, even in the face of blatant threats, violence, and disrespect. Please speak up to defend their rights, their livelihood, and their safety!
05/22/2014	Emily Schornstein	With prayers for coexistence and action of resistance. We are with you.
05/23/2014	Emmett Holman	I don't understand how a government that claims to be DEMOCRATIC can operate in this way. It is not a democratic state, it is a vandal state! The Palestinian people have suffered long enough, words from other states and nations are not enough, there needs to be action. I support non violent action through the use of boycotts and divestment and pray for a just and peaceful solution. Our bishops have called for an hour of prayer, for Palestine and the Palestinian people, on Sunday 25th, while the Pope is visiting the Holy Land.
05/22/2014	Eric and Carol Streiff	I visited that farm in 2007, and have learned of the non-violent and constructive messages embodied in the lives the Nassars live. This act by Israel will live in infamy.

05/21/2014	Erica Hahn	I have visited the Tent of Nations. It is dedicated only to nonviolent peace making. It is built on land that has been in the hands of this Palestinian family for generations. Why should Israel destroy it?

05/25/2014	Erin Flory	
05/26/2014	Erin Rheinheimer	Having visited the Tent of Nations last year, I find the recent actions of the IDF deplorable, unjust and illegal. People need to be accountable for their actions and members of the IDF who participated and ordered this action should be tried in Palestinian courts.

05/21/2014	Esther Riley	I have personally been to the Tent of Nations as part of a church delegation of the United Church of Christ. I have seen the way in which access to the Nassar family land has been intentionally blocked by the Israeli government with no just cause. Even more, the mission of building peace and understanding in a region that is in such desperate need of such conversation is a vital gift the Nassar's offer to the world. I urge that there be a public statement on their behalf by the United States government calling on the Israeli government to halt any further action against the Nassar family and the taking of their land with no just cause.
05/27/2014	Ethel A Corcoran	
05/22/2014	Ethelyn Pankratz	Please honor the law.
05/23/2014	Eva Arnold-Schaller	There can be no hope of peace while the modern State of Israel continues its destruction of the Palestinian peoples' way of life. We are tired of our tax dollars being used to advance the ethnic cleansing of historic Palestine. There will never be peace as long as the American government is held hostage to a small--albeit well-funded--group of extremists in this country and their counterparts in Israel.
05/24/2014	Eva Knauf	This is just the latest in multiple attempts by the Israeli military to disrupt and push out Palestinian farmers & it is unacceptable & despicable & illegal.
05/21/2014	Eva Pettersson	How can we talk of peace when there is NO justice? Where is Israel's conscience? Lost forever?
05/24/2014	Eva S. Moseley	The action by the Israel gov is against all human right standards. It is time the US stops all foreign aid and moves to start sanctions.
05/24/2014	eva stewart	As (or should I say: Even though?) a Jew and one-time Holocaust refugee, this kind of IDF action -- an extreme version of what it does in the West Bank every day -- makes me furious, and also full of admiration for the Nassar family, its courage and its evident capacious view of the world and their own place in it.
05/21/2014	Eve Firor	
05/28/2014	Evelyn Haas	Enough is enough! The inhumanity of Israel should be made known to the world.

05/23/2014	Evelyn Williames	
05/28/2014	Ewan Aitken	Our blind support of Israel no matter what it does is counter to traditional American values
05/23/2014	Eyad Abuhamda	I have visited the Tent of Nations on the property owned by the Nassar family. They hold clear title to the land and are using it to promote peace. The harassment they have endured from the Israeli government is outrageous.
05/23/2014	Eyad Buhaissi	
05/22/2014	Eyad Ibrahim Nassir AL Humaidan	The injustice of this act is horrifying. I am appalled that even one cent of my tax dollars supports this type of activity.

05/24/2014	fargier	As someone who supports peace, sustainability, the equality and freedom of all peoples, and small family farms, I am horrified at what's been done to this family and their farmland!
05/21/2014	Faris Ghawi	I am heartbroken and outraged at this attack and destruction of land and livelihood. The attack was brutal and is immoral and illegal. I urge our U.S. Government officials to demand reparations and accountability from Israel. These attacks and our (U.S.) complicity in the illegal occupation of Palestine must end. Like the people of Tent of Nations have said, we demand justice and human rights.

05/23/2014	Garold Langley	President Obama, you have often urged Palestinians to use non-violent means to protest and end their Israeli military occupation. For 21 years The Tent of Nations has endured senseless battles with the Israeli authorities to prevent their small farm from being confiscated. For 21 years the Tent of Nations has waged their protest nonviolently, they have labored their fields, waged their legal battles with the Israeli authorities and the Israeli settlement enterprise while remaining faithful to the teachings of Christ. Their simple message, motto and practice of neighborly love: "We Refuse to be Enemies" has warmed and changed he hearts of many including Israelis, and changed hearts of many people far and near including Americans, Israelis and Palestinians. Please support them and their universal message of hope. They are the living positive and proactive Palestinian social transformative agents who employ their endless frustrations, and daily painful experiences with the IDF and the Israeli settles into a positive power to change their neighbors and motivate their people in the cause of peaceful resistance. President Obama, your simple gesture of moral support will help them transform the hopelessness that prevails across their land and community, and bring peace to the land where once the Prince of Peace shepherded his flock and called home.
05/22/2014	Garret Edmundd	As a Jewish US citizen I am doubly outraged by this disgusting, totally illegal action by the Israeli military. What is worse, my own government supports Israel - diplomatically, militarily and financially - in all their obscene ways of destroying the Palestinian people and stealing their land in the particularly sneaky way they have. This latest destruction is the last straw for me. We must as a nation regain some morality by using our influence with Israel to stop them! Israel is a pariah! Stop enabling them!

05/26/2014	George C. Waterston Jr	I had the privilege of going to the West Bank in 2006 and witnessed the effects of the Occupation. The security barrier, gave no security to the Palestinians, it blocked them off from their farm lands, their jobs, medical care and families. It appeared to me then, that the security wall was being built to isolate the 'terrorists' from the Israeli['s. I met, and read stories of killings and the demolishing of homes and farm lands. even back then. They have continued to this day. How much longer must the Christians and Muslims be oppressed before the International community wakes up to what is really going on? I object to my tax dollars being used to supply the equipment needed to uproot olive trees and to build that security wall. The Palestinians are being pushed out of their land. Please note that as agriculture land is being destroyed, settlements are being built on that land. How will the future people in that land be able to sustain themselves without their fertile agricultural land?

They have done all the right things trying to play by Israel's unrighteous and kafkaesque 'military justice' imposed through their apartheid system. But Israeli 'justice' has no intention of recognizing this family's land title rights. Now with this horrible surprise attack of devastating their orchards and farmlands, Israel believes it can get away with annexing this private Palestinian land. This is beyond wrong and unjust. 05/28/2014	Imad-ad-Dean Ahmad	The Israeli actions against the Nassar family and the Tent of Nations Peace Project demonstrate the absolute depravity to which the Israeli government has stooped in their apartheid actions!
05/23/2014	Imam Rashid Patch	
05/24/2014	Imogene Leitner Holmes	We personally helped plant fruit trees at the Tent of Nations farm in January, 2014. The destruction of these trees by the Israeli occupation forces is one of hundreds of unprovoked acts of aggressive dispossession by Israel of Palestinian land and resources in a continual effort at 'ethnic cleansing.'
05/22/2014	Inez D Allan	May God's mercy be obvious to the people who have been so violently and unjustly violated. Prayers!

05/21/2014	James Proud	this act was cruel and inhuman
05/22/2014	James Ross	How can this be good for anybody, including Israelis?
05/23/2014	James Scully	The Tent of Nations has welcomed visitors and workers for many years, and has stood as a symbol of peace and good will. Is this the kind of symbol that Israel wants to destroy? Justice for the Tent of Nations!

05/21/2014	James Wilkinson	This action is unbelievable. How did it happen?
05/28/2014	Jamie Snyder	It appears that the Israeli government is ignoring the law.
05/23/2014	Jan	[20140523 comment in support of 'FOTONNA Emergency Response Plan - Red Alert' re destruction by Israeli military of farm infrastructure and tree crops] Abuse of decency is bad policy. Support for abuse of decency is bad policy. Determined silence regarding a disgrace can amount to complicity. It is also bad policy (bad foreign policy and bad moral comporment) to fail to clearly and loudly denounce abuse of decency and of basic human rights, violation of international law, ethnic discrimination and persecution, and ethnic cleansing (which is the clear and obvious object of these discriminations and persecutions which are typical under the Israeli Occupation of the West Bank etc.).
05/22/2014	Jan Bauman	This is especially unfortunate, as the Nassar family and their 'Tent of Nations' advocates for peace with Israelis. Their slogan is 'Refuse to Be Enemies'. Why can't the Israeli government sign on to that motto too?
05/26/2014	Jan Farrington	As this action shows, the Israeli military acts with impunity with total disregard for legal rights and laws. The U.S. must stop supporting Israel.
05/27/2014	Jan H. Levie	The Israeli military actions are unconscionable and action should be taken by the Israeli government for restituion to the family and the Tent of Nations.
05/23/2014	Jan Kreuger	
05/22/2014	Jan Mallery	I had the opportunity to meet this family. Their spirit of love and community is so contaigous. This illgal attack they have been under by the Israeli governement is unacceptable. And as the number one financial backer of Israei, it is our responsibility to speak up.
05/22/2014	Jan Nelson	This is serious. This must be stopped
05/23/2014	Jan-Paul Alon	I was privileged to hear Daoud speak on a visit to Stanford and was so impressed by Tent of Nations. I definitely want to stand with them in protest of this horrendous treatment.
05/25/2014	Janae Detwiler	If you read this petition thoroughly, you will see the real Israel, not the country that the MSM and Washington bubble would foist upon you. This farm's land and produce are not the only things being destroyed in the West Bank-- Israel goes as far as destroying homes, roads, dividing Palestinian lands with the apartheid wall, cutting off electricity and water supplies and directing those native resources to the settlements. There is also genocide being perpetrated by the Israelis in the West Bank and Gaza. THIS MUST STOP! Is there no one, including the President, in the US government, who has the courage to say that Israel is committing evil acts against these occupied people and to become irate enough to call Israel out on its disrespect for international law?
05/25/2014	Janath W. Ramage	Having just returned from a visit to Palestine and Bethlehem, I witnessed first hand the challenges to Palestinian sovereignty. These trees were not a threat to security and rightly belong to the Nassar family. Please look into this matter in a fair and just manner. Salaam, shalom, peace.

05/24/2014	Jane Smith	I am shocked and saddened by this horrible act of destruction. Please stop this travesty from ever happening, and make immediate amends to the people who have lost their livelihoods and source of sustenance.
05/21/2014	Jane Thomas	In addition to violating the Nassar;s family;s human and property rights, israel violates International law by refusing to allow construction and development by Palestinians in the so-called 'Area C', transplanting Jewish settlers in these areas, and by the large scale theft of its water resources.
05/26/2014	Jane W. Clemens	It is imperative that the United States take action against the horrors committed by Israel in violation of internation law and human rights.

05/26/2014	Janet L. Whitney	I want the Israelis and the Palestinians to each have a nice place to live. Looks like right now that is not happening. Could we please focus on the goal of getting to that place right away, instead of each side doing bad things to the other. That is just a big waste of everyone's time. The latest being this Israeli up rooting 1500 fruit trees! What's the good of that! Who's allowing this disgusting behavior? Get to the bottom of it. It is inappropriate and just makes things worse. 05/22/2014	Jean A. Blackwood	<p>I was just at the Tent of Nations in November 2013 with a delegation from Inter-faith Peace Builders. We had meet with family and saw their wonderful home and surrounding orchards. We heard their story and how they have remained steadfast while living under Occupation. They shared a wonderful meal with them and sat by a evening fire talking and singing including 'We Shall Overcome'. In that peaceful moment we looked at the night sky and could see all the light from settlements that surround them. Yet this family welcomes all and wants justice and peace. The destruction of over 1500 trees is reprehensible, and no explanation given be the Israeli government is legitimate. The resolve of the Nassar family is amazing.</p> <p>I personally am sickened and saddened by this attack that was perpetrated on the Nassar family. As an American citizen I am outraged that my tax dollars are used to continue to subjugate the Palestinian people. It is time for the US to stand on the side of justice which we espouse.</p>

05/30/2014	Joan Mulholland	<p>This attack was outrageous! However, it is symbolic of the evil history of Israel in Palestine, in recent years. It is time for the United States to take a public stand against Israel and let the world know that we will not support such illegal evil conduct by Israel. It is time for the United States to stand squarely with the Torch of Liberty held high. Maybe Israel will get the message that she cannot receive support for such outrageous policies and conduct.</p> <p>In the name of peace and for the Law of Good:</p> <p>Jim Fowler Sale Creek, TN</p>

05/23/2014	JoAnn Barbour	This action is unconscionable. all these folks are trying to do is create peace and understanding between people, palestinians and Israeli as well as others. Governments should do likewise.

05/23/2014	Joanna Hamil	Please respect the property rights of those who have long-standing legitimate claim to their land and property. They wish to live in peace.
05/27/2014	Joanna Harmon	I observed the situation in Israel/Palestine first-hand in March, 2014. I believe that the people of both groups desperately want peace, but their leaders continue to block peace. Although neither side is blameless, the Palestinians are being unduly oppressed, and the Israeli government seems to ignore the hardships that they are imposing on Palestinians.

05/22/2014	Joanna Zilsel	Please read how the Nasser family brings local and international people of all faiths to their farm to learn from one another, engage in sustainable agriculture and create programs for children and adults with the understanding that peace with justice is only possible when pursued non-violently. To have their orchards and land destroyed while awaiting a response to their appeal calls for urgent attention by our government. Thank you for giving this petition your immediate consideration.

05/29/2014	John Gavin	B'shara Nassar is a friend through his time in the New Story Leadership for Middle East Peace program, housed in and partially sponsord by my church, Seekers Church in Washington, DC. B'shara, and the dedication of his whole family to building pace through their Tent of Nations farm has been heinously wronged by this senseless act of violence. That the Israeli government would condone such infringement on legally owned private land makes me ache. It makes me want to go to Israel and dig up the trees planted in my name when Israel was made a state. As a Jew, my head is bowed in shame.

05/21/2014	Judith C. Lee	I am heartbroken and crying tonight. Daoud Nasser and his family at The Tent of Nations in the West Bank was invaded by Israel and their farm destroyed. Entire fields of grapes, apples, apricots, almonds, figs were wiped out. Hundreds of fruitful trees were destroyed. Daoud and his family own the land, have papers dating from the Ottoman Empire. The Nasser family has been persecuted mercilessly by five surrounding settlements, the IDF and the government that prevented them from even collecting rain water. Those of us who know Daoud have been deeply impacted by his compassion, nonviolence, resiliency, creativity, and commitment to community and co-existence with Israel. This outrage cuts deeply into the heart. As a rabbi, I feel betrayed by the breaking of so many ethical violations. This tragedy is ours to confront. There must be an investigation. The IDF should not enter the land of this family. Nor should it be declared State Land for the purposes of further settlement expansion. This is a travesty.

05/22/2014	Judson Feder	I have spent time at the Tent of Nations on two different occasions..the family is nothing but very welcoming to all from throughout the world, including peaceful Israelis..this attack by Israeli soldiers is a travesty and should be strongly condemned in no uncertain terms..reparations must be forthcoming from Israel including a commitment to stop all the offensive actions against this family who has had to defend this land against armed incursions and Israeli seizure threats despite the Nassar family having clear documentation certifying ownership.

While I have a strong relationship with the Jewish faith and have always supported the state of Israel, the increasing disregard of Israel toward the legitimate rights of Palestinians has made me question our nation's stance of unrelenting and often unquestioning support of whatever the official position of Israel might be. 05/27/2014	kathy de vos	This action of IDF is so against what Judaism is all about that I wonder, how do they explain it to themselves, let alone their children.
05/25/2014	Kathy Eckrich	This is only one of untold destruction of Palestinian property. It must end!
05/27/2014	Kathy Porter	
05/22/2014	Kathy Roberts	Israel's turning a blind eye to this type of behavior is deeply troubling. It is reminiscent of the worst in human behavior. Please do anything you can to stand up for human rights.
05/23/2014	Kathy Tolman	I have visited Tent of Nations and found it an inspiring project dedicated to peace and international understanding. There is no reason for its destruction except that it occupies a strategic site that would be useful to the Israeli military.
05/23/2014	Kathy Wallenta	Please stop the destruction and promote fair due process.
05/23/2014	Katrina Yates Spear	This is a terrible miscarriage of justice. This family has lived on, and owned, this land for almost 100 years, long before the state of Israel came into being. This family never abandoned their land, removing the Israeli government's primary excuse to seize abandoned property. The United States should make clear that it does not support such action, beginning with cutting off all monetary aid to Israel. We must not let them think that these activities are acceptable to us. This peace loving family has every right to remain on their family property.
05/23/2014	Kay Arnold	
05/22/2014	kay joy	Please investigate, require government acknowledgment of the private ownership of this land, and insist upon immediate and full compensation to the owners for the despoliation of their land.
05/28/2014	Kay Mooney	
05/24/2014	Kay Tarazi	
05/22/2014	Kaye Exo	These are peaceful people trying to unite - not destroy. Why must this happen?
05/26/2014	Keaton Shenk	This is an appalling aggressive act against a family who strive for peace and who refuse to be enemies.
05/24/2014	kees thieme	
05/25/2014	Keith Gerber	Please be considerate of these people's property. It's only just.
05/31/2014	Keith Pacheco	Israel should be ashamed of itself and the US should stand up to this injustice with strong words and tough actions!
05/22/2014	Kelly Ann Taylor-Schaus	This is a disgrace. Sending prayers and hope for peace.
05/21/2014	Kelly Baker	I visited Tent of the Nations last summer. These actions are deplorable.
05/22/2014	Ken Ross	How is this different than when the Nazis closed/destroyed Jewish businesses in Germany, etc.?
05/28/2014	kenneth a. green	
05/23/2014	Kenneth Burres	
05/23/2014	Kenneth Hark	THis madness must not be tollerated. The Palestinians need peace and justice.
05/23/2014	kenneth hayes	
05/30/2014	Kenneth K. Grenz	
05/21/2014	Kenneth Ring	I have been to this farm, know Daoud, have written about The Tent of Nations and urge you to do anything possible to prevent further damage to his farm.
05/23/2014	Kenneth Schoeninger	
05/31/2014	Kenneth W. Sikes	This is absolutely outrageous! Stop all WMDs(weapons, money diplomacy) to Israel!
05/28/2014	Kenneth Wong	Israel is carrying out its own 'final solution,' minus the gas chambers, by trying to force all Palestinians to leave so Israel can have all of Palestine.
05/22/2014	Kennth Henry King	
05/22/2014	Kenny Likis	I'm not sure how these people who have destroyed this area can live with themselves!

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/27/2014	Kent King-Nobles	This kind of destruction is deplorable!
05/25/2014	Kenth Harka	The actions of the Israeli Military Courts against the Nassar family are abominable acts that violate the core of any civil and peaceful means to resolve this family's appeal regarding their land.
05/26/2014	Keri Ladner	
05/21/2014	Kerry Johnson	
05/22/2014	Kerstin Johansson	I visited this farm in October 2013 on a tour with Interfaith Peacebuilders, helped pick olives, heard the story of this farm and of Israeli attempts to force the family to evacuate their rightfully held land, and met German and other international interns working to create peace with justice for both Israelis and Palestinians on this microcosm of the larger Israel/Palestine story. I have spoken to groups about the Tent of Nations since my return, as have thousands of other visitors. It would be a terrible mistake for both Israel and for the United States government if they turn a blind eye to this latest act of attempted ethnic cleansing. I am incensed, all the more since I personally have been there. Please cease all attempts to destroy this internationally known landmark and symbol for nonviolence and peace and justice. Repair the harm!
05/23/2014	Ketty A Wadia	
05/25/2014	Kevin A. Clark	I can't believe the audacity of this illegal attack On the Tent of Nations which is supported by many churches in our area for their peace-building activities.
05/21/2014	Kevin Axe	The US has a responsibility to intervene as financial supporters of Israeli. This family has had to endure harassment to protect their property and the peaceful work they have been conducting. I have personally visited the Nassar family and support the great work they are doing in a much needed place of the world. Please stop this in justice.

05/23/2014	Khusro Elley	<p>Israel, your own Word from G-D tells you, 'You shall not wrong or oppress a resident alien, for you were aliens in the land of Egypt' (Exodus 22.21). G-D goes further to say, 'The alien who resides with you shall be to you as the citizen among you; you shall love the alien as yourself, for you were aliens in the land of Egypt: I am the Lord your G-d' (Leviticus 19.34). Furthermore, G-D says, 'So you shall divide this land among you according to the tribes of Israel. You shall allot it as an inheritance for yourselves and for the aliens who reside among you and have begotten children among you. They shall be to you as citizens of Israel; with you they shall be allotted an inheritance among the tribes of Israel. In whatever tribe aliens reside, there you shall assign them their inheritance, says the Lord G-D' (Ezekiel 47.21-23). And further, 'Thus says the Lord of hosts, the God of Israel: Amend your ways and your doings, and let me dwell with you* in this place. Do not trust in these deceptive words: 'This is* the temple of the Lord, the temple of the Lord, the temple of the Lord.'</p> <p>For if you truly amend your ways and your doings, if you truly act justly one with another, if you do not oppress the alien, the orphan, and the widow, or shed innocent blood in this place, and if you do not go after other gods to your own hurt, then I will dwell with you in this place, in the land that I gave of old to your ancestors for ever and ever' (Jeremiah 7.3-7). Do you think that G-D will be your strength and stay when you violate G-D's decrees through unjust judgments in your courts and the destruction of the livelihood of aliens who dwell in land over which you claim to have jurisdiction? With all the hunger in the world, do you believe God will reward you for destroying trees that provide nutrition for the peoples of the world? Never has it been so, and never will it be that the Lord rewards those who violate the command to 'do justice, and to love kindness, and to walk humbly with your G-D' (Micah 6.10). Unless and until you make recompense for your misdeeds, G-D will continue to place obstacles in the way of peace for you, and you will never rest secure until you obey G-D's commands.</p>

05/23/2014	Kristin Tassin	We weep for those who have lost their fruit-bearing trees, their land, and their major life project. We protest strongly such destruction by the Israeli military. This is no way to bring peace to this holy land.

05/21/2014	Laila Liddy	I hear Daoud Nassar speak this weekend about his farm and Ten of Nations and it was inspiring to hear of the work they are doing in the spirit of peace and cooperation. 05/21/2014	Leah Johnson	I'm signing this petition to voice my outrage at the calculated brutality Of Israeli apparatuses against Palestinian people, which has been emboldened by impunity Israel has been treated by the western countries, especially by the U.S. government.
05/21/2014	Leah Mae Carlisle	The IDF actions are despicable in the extreme. The US should halt all aid to Israel until this atmosphere of Middle Eastern apartheid comes to an end
05/22/2014	Leah Mick	I have seen the farm and heard first-hand how the Nassar family works for peace. It is long past time to give them justice and to recognize their rights. The latest action by the IDF is only the latest in a long string of injustices. Thank you!
05/25/2014	Leah Prudent	All people of any or no religion should be able to live in peace. People who promote the cause of peace should have our backing and protection. They are the ones with true courage and concern for others.
05/23/2014	Leatrice Fung	
05/22/2014	Lee H Strange	I visited the farm late last year — as we sat in the gathering darkness with Daoud Nassar and his sister Amahl, all around us glowered the orange lights of the hilltop settlements that have done just about every brutal thing imaginable to force them from their land. And yet they have persevered with their farming and their dignified lives, with a quiet determination where you would expect to find bitterness. The ongoing harassment of this remarkable family must be brought to an end!

05/22/2014	Linda Jansen	I have visited Tent of Nations several times and met with Daoud and his brothers. Knowing Israel's Zionist settlement project I could not help but feel that the Tent's days were numbered. But I also know that as long as there is breath in Palestine, resistance, samud and rebuilding will continue. 05/21/2014	Liz Shea	I would like to add my name to the petition in support of the Tent of Nations Peace Project which was attacked on May 19, 2014. This event is most disturbing to all of us who strive to promote peace in the Holy Land, and the Nassar family are living examples of positive actions in this troubled place. Those in authority must respond to this unwarranted and illegal attack if they wish to be themselves models for peace.
05/24/2014	Liz Thompson	It pains me that the USA supports Israel through its deprecations like this. Absolutely disgusting. I hope to provide as little taxes as possible to the USA for like actions.
05/22/2014	Lloyd MacLean	I have visited Tent of Nations several times. Anyone who believes in justice should be OUTRAGED by this lawless act on the part of the Israeli military. This goes against all that modern society stands for. Please, do whatever you can to rectify this atrocity.

05/22/2014	Lori roehl	The state of Israel is indeed an apartheid state whose soul is rotting from within as a result of this unconscionable oppression of Palestinians. The oppressed have truly become the oppressors.

05/23/2014	louis bruner	The sheer sadism of the IDF in destroying the family's ability to survive by destroying their crops is unspeakable. The Likudniks don't want peace. They want ethnic cleansing. 05/23/2014	Mary A Borchers	Israel's action in this regard is horrible. The USA should bear full responsibility for this and other unlawful actions of Israel, since it is the USA that has armed Israel, subsidized it and protected it from all international action to curb its illegal occupation. The U.S. is responsible for the 'road map' to nowhere with a wink and a nod to Israel to go ahead with its illegal settlements. The USA has been complicit in all Israel's flouting of international law, by uncritically defending all such Israeli actions. This has to stop - for otherwise our country (the USA) will be held responsible for all the long-term damage done to the Middle East and to the world by Israel's rapacious, cruel and unlawful actions.

05/21/2014	Mary Faye Bennett	I know I am just one of many internationals - who have been welcomed by Daoud Nassar and his family at Dahers Vineyard. In my group - we were white, black, brown, red, American, Israeli, French, Arab, Muslim, Christian, Jewish, young and old - we all received the same welcome and encouragement to practice nonviolent protest, even as Daoud explained his fight to keep his land - surrounded almost completely by Israelis illegal settlements. He talked about how they worked the land - despite having no access to water - most of it was being diverted to the illegal settlements. He talked about the trip from Bethlehem to the farm - which took hours inspite of the short distance because of Israelis Separation Wall built largely on Palestinian land. And his message was clear - we refuse to be enemies. This was in May 2008- in the years since the Nassars have continued their fight to keep their land all while facing increasing expansion from the illegal settlers, more checkpoints, more stop building orders. But this latest incursion - the IDF raid on this farm , destroying 1500 trees and grape vines. It's time to say enough, enough

05/30/2014	Mary Kay Turner	If the state of Israel is founded on the Torah and the Torah says, 'thou shalt not steal', what part of stealing does the Israeli government not understand? For this to be supported in any way by the taxpayers of the United States is being a party to theft. As a Christian, I find it particularly reprehensible that one of my brothers is being ripped off on a grand scale - all in the name of the Bible. The Nassar family are not terrorists, they are peaceable farmers. What possible security justification is there for this criminal behavior? If this action were being done against a Jew there would be massive media outcry and a drone attack against the perpetrators in short order. Instead, we have silence in all major news media outlets. Their silence is complicity. State of Israel, the people of the world are watching - do you think your actions make you 'secure'? Do you really have to be the bully to get security? Why not live in peace with your neighbors?

05/22/2014	Mary Koslovsky	I have visited this farm on several occasions and know the Nassar family personally. They are people of integrity who in no way deserve to be treated in this way. 05/24/2014	Mary Vivian Zelaya	The brutal theft of Palestinian land by the State of Israel must end. The oppression of the Palestinian people by the State of Israel must end. Israeli and Palestinian children deserve a chance to grow and live in peace with their neighbors. 2 States. 2 Peoples.
05/25/2014	Mary-Alice W. Martines	I object to such senseless destruction. Any Israeli who thinks he is one of God's chosen people should be living as one of God's children, in love and neighborliness, not wanton destruction that causes others distress. 05/21/2014	Maurice Michael Okrent	I have had the pleasure of meeting the Nasser family on multiple occasions. Through their inspirational words and deeds, they have demonstrated their wholehearted commitment to grassroots peace-building with Israelis and internationals, despite the daily injustices they experience. This latest aggression against this wonderful family is an aggression against peace-building more broadly-- and an ominous sign of where the conflict is headed.
05/22/2014	Maurice Restivo	
05/23/2014	Max Keene	Even the trees cry out for Justice! US officials, how can you continue supporting a country that refuses the rule of law. Suspend all US aid to Israel until human rights are respected. Thank You.
05/24/2014	Max Obuszewski	Human rights are universal and should be supported by all governments.
05/21/2014	Max White	I remember well our conversation with Daoud Nassar several years ago on a tour of the Tent of Nations. We had so hoped that the courts would recognize their long-standing ownership of the land, which was planted in fruit and nut trees then. This family, which has been under attack for quite some time by the settler movement, has been on the land for generations, preceding the establishment of the modern state of Israel. This land belongs to the family; the attempt to take it from them just because someone else wants it is wrong. We are paying attention.

05/30/2014	McPherson, Mary Ann	I am horrified by the actions of the Israeli military, and call into question the longstanding and ongoing support of Israel by the U.S, when Israelis so violate the human rights of peaceful Palestinians. Do not take such support for granted; act on the side of justice now.

05/26/2014	Megan Byra	Please stop the destruction of Palestinian lands in the occupied territories. Let the Palestinian people live in peace!

05/24/2014	Michael and Melinda Beard	This will add to the over million trees destroyed in Palestine
05/30/2014	Michael Anderson	It breaks my heart that a non-violent organization is met with such violence against them.

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/30/2014	Michael Deheeger	The Tent of Nations is a place of peace. It has been owned by the same Palestinian family for over 100 years. They are host to peaceful people from all over the world in their mission to promote peace and justice in a non violent way. They farm olives, fruits, nuts and many of their trees (over 1500) are being destroyed by Israeli forces who want their land for illegal settlements. We had the privilege of visiting Tent of Nations and wish for the US to help stop this senseless destruction of personal property by the Israelis.
05/21/2014	Michael Fadil	
05/23/2014	Michael G. Dietrich	This old Lutheran Palestinian family are peacemakers doing their best to defuse tensions in the region, their motto is, 'We Refuse to Be Enemies' and they bring a lot of Americans and other Westerners to visit the region through their organization, Tent of Nations. Please protect their land in the name of Peace and let the Govt. of Israel know the USA will not stand for this kind of brutal harassment. Thank you, Jeff Kursonis
05/21/2014	Michael G. McNeill	This is a terrible destruction of private property. The United States should see that justice is brought to this peaceful farmer.
05/24/2014	Michael Issa	
05/25/2014	MICHAEL K. BOOSAHDA	This criminal apartheid and fascist regime of Israel continue to exist, because of the unconditional and uncritical economic and political support of the US and European governments, and without popular support among US citizens. To make this fascist regime to surrender his inhumane treatment of the Palestinians and his other neighbours it needs an extensive boycott of the Israeli commodities.
05/22/2014	michael kerridge	
05/21/2014	Michael Levin	The Nasser family have owned their land for over 250 years, have grown olives and other foods on it yearly. They are peaceful. They do not deserve such ill treatment! It is obvious that Israel has no desire to be fair or peaceful.

05/27/2014	Michael May

05/30/2014	Mike Brislen	My wife and I, and several of our friends have visited the tent of nations, and enjoyed the hospitality of the Nasser family. We invested in a pair of fruit trees, probably among the ones destroyed by the IDF bulldozers. It is with great sadness that we learned of the destruction, and the implacable and internationally illegal Israeli action. It is the duty of the United States, and other countries of the world, to stand up to the rogue behavior of Israel. We do stand for freedom and the rule of law, don't we?
05/27/2014	Mike Gould	
05/26/2014	Mike Hanna

05/30/2014	Miriam Adams	I am appalled and upset by the actions of the Israeli government and military in destroying the property of the Palestinian people in Palestine. I have held great sympathy for Jewish people because of the Holocaust they suffered at the hands of Hitler. However, what Israel is now doing as a country to Palestine is similar. They are treating the Palestinian people with complete disrespect and with no regard to them as a people.
05/25/2014	Miriam Casey	I was in Bethlehem for 8 days and left early in the morning on May 19, never dreaming that this would happen a few short hours later. The Nassars are solid, salt-of-the-earth type of people -- ones you would want as your neighbors. I'm sure the Israeli Military have explanations. But would the Israelis feel that those explanations are adequate if they needed to make their case to a counter-balancing power? They are the only military power there in Bethlehem and we know the temptation that comes with power.

05/24/2014	Momar Jallow	A safe Israel and a sustainable Palestine both have a right to exist. For the Israeli government to attack a place of peace demands a response from the US government.

05/23/2014	Mujid S. It is an atrocity for which Israel should be sanctioned, e.g., by the U.S. cutting off military and financial aid to Israel, or by international pressure to make restitution for their destruction (although nothing in the short run can replace those 10-year-old trees).

05/23/2014	Patrycja Wibe	What happened recently to Daoud Nasser, his family, and the Tent of Nations is unconscionable and immoral, let alone illegal--given that the Nasser family has a legal deed to the land that is being taken from them portion by portion. I urge all people of principle who care about justice for all human beings and who are in a position to influence the Israeli government to voice their unequivocal disapproval of this latest wrongful act. The Israeli military, at the behest of the Israeli government, is essentially moving from marginalizing the Palestinian people to driving them out, much as the Nazis did at the beginning of their campaign to eliminate the Jewish people in their 'final solution.' The motive of fear and hatred is familiar. The Israeli government has been creating an apartheid state and now they are stealing Palestinian land and livelihood. This is so patently unjust that it doesn't warrant any understanding. Fear is no excuse and is the motive for so much that is evil in this world. I wish now to register my strongest level of protest for this latest immoral act on part of the Israeli authorities against a family who has a right to its home and livelihood and is attempting to create a place of peace and reconciliation!--Paula S. 05/21/2014	Rev Barry Keating	<p>I call for action against acts of injustice by the Israeli Military towards a Palestinian Christian family (the Nassar family) that has registration papers for their 100-acre farm dating back to the Ottoman Empire. The family has been working through the Israeli Military/Civil Courts and the Israeli Supreme Court since 1991 to defend their rights to the land on a vineyard just six miles southwest of Bethlehem in the Occupied Territories of Palestine (the West Bank). A Peace Project was established on the land in 2001 called Tent of Nations. Thousands of international visitors have visited the farm, worked as volunteers, held workshops and conferences in the facilities there, worked in the Summer Youth Camps, and have taught in the Women's Education Center they established in the nearby village of Nahalin.</p> <p>I have visited the farm and met various members of the Nasser family several times. Their commitment to peaceful coexistence is something that everyone -- especially Israel -- should be holding up as exemplar.</p> <p>On May 19, 2014, the Israeli Military took unwarranted and illegal action and destroyed between 1,500 and 2,000 mature, fruit-bearing apricot and apple trees and grape vines growing in the lower valley of the farm.</p> <p>In the past, (December 2012), Israeli Military/Civil Courts threatened to demolish 13 structures on the land (pens for animals, tents for volunteers, compost toilets, etc.) and denied the family's appeal against these 13 demolitions. By appealing these orders through the family lawyers, however, the deadline for action was moved to February 24, 2013. At the same time, the family also requested (again) that the land be re-registered in their name (having all the papers legally required to prove ownership). The family provided all additional information requested by the Military Court by that date, and they submitted and paid for requests for building permits for the existing 13 structures placed under the demolishing orders.</p> <p>In late April 2014, the Israeli Military placed a warning on the land declaring that the trees were planted on "State Land" and, therefore, constituted a trespass and should be "evacuated"! The family filed an appeal on May 5; they were waiting for a court decision on these issues, and that is what makes the destruction of these trees illegal.</p> <p>We would like you to inquire about this issue and why this vendetta against the Daher's Vineyard is taking place. Israel needs to be held accountable for its actions against a family that lives by the motto 'We Refuse to be Enemies' and that believes in non-violence as a solution to the problems there.</p> <p>If you have any questions, please do not hesitate to contact me at 847-902-4455.</p> <p>Regards, Lynn Pollack</p>

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/24/2014	Rev. John Chamberlin	I have visited this farm and know the owner, Daoud Nassar. He has been at our church in the US. This action is outrageous! Please investigate and stop this Israeli destruction!
05/22/2014	Rev. John D. Buttrick	We request that the Nassar family be respected and that their legal rights be honored and dignified.
05/24/2014	Rev. John-Anthony Burchall and Leondra Burchall	
05/23/2014	Rev. Julie Beitelschees	We just spent time in the West Bank seeing first-hand the many atrocities committed against the Palestinian people by the Israeli government and military. As an American Jew, I am appalled at the United States and other western countries' support of this behavior. I am writing today through this organization to highlight just one of the many illegal and inhumane acts you are helping sponsor. Help this family fulfill their commitment to solving this in a non-violent manner while also immediately beginning to prevent any additional destructive action on the part of the Israeli Military from taking place.
05/22/2014	Rev. Katharine Harts	Enough is enough! Stop the destruction
05/23/2014	Rev. Katherine Cunningham	As an Israeli peace activist, I have visited the Tent of Nations and seen the loving, impressive work for peace that Daoud Nassar does. We must all help to save the Tent, and stand up for peace.
05/25/2014	Rev. Kathryn K. Stevens	Enough is enough! It is time to end this planned destruction of people's livelihoods, homes, and lives. The US should not be backing the Israeli government and military!
05/25/2014	Rev. Kelly S. Allen	
05/24/2014	Rev. Kent D. Johnson	this moral support is needed by Daoud
05/24/2014	Rev. Kent Elliott	
05/23/2014	Rev. Lawrence & Ms. Mary Hansen	We are outraged that any food source would be destroyed in a world where millions go hungry every day! Israel is NOT showing any compassion, or good sense by doing this. This kind of destruction only brings less support for their cause. Time to stop, help rebuild this orchard and work towards peace!
05/22/2014	Rev. Leah Grundset Davis	I am an Israeli citizen and I absolutely condemn Israel's unforgivable behavior. STOP IT IMMEDIATELY!!!!
05/21/2014	Rev. Lisa D. Kenkeremath	
05/23/2014	Rev. Lynda Ferguson	Please help these people!!!
05/22/2014	Rev. Mari

05/24/2014	Rev. Patricia A. Wagner	To destroy orchards of fruit-growing trees is a gravely unjust action. I protest this terribly unjust behavior.
05/23/2014	Rev. Rich Peacock	This is just one example of gross injustice. This family are committed to non violent action towards peace with justice
05/23/2014	Rev. Richard Gibson	Isaiah, "...listen with ears...understand with hearts and turn."
05/21/2014	Rev. Robin Lostetter	Apparently the slogan 'Never Again' does not apply to other human beings on God's earth. The very atrocities committed by the Nazis in WW2 are now finding a home in Israel -- the very people who should know the pain of such actions and work to see that no one ever endures such a thing! Ever again.

05/21/2014	Rev. Susan Janzen	This action against the Nassar family farm is a flagrant attack against an exemplary model of co-existence and peacemaking. If something such as the Nassar family farm can be so unjustly treated - with no consequences for that unjust action - then there is NO HOPE for any efforts for peace and co-existence in Israel and Palestine. Please, take action against this injustice. Send a message that this is an uncrossable line in the sand in the stand for peace and justice! Please send the message that there are consequences beyond words for such atrocities!
05/31/2014	Rev. Suzan Ireland	This kind of destruction has happened too frequently.
05/23/2014	Rev. Tim House	
05/24/2014	Rev. Vicki Gray	This is an outrage! Please do whatever is possible to have these trees replanted.
05/22/2014	Rev. William Hathaway	I used to be pro-Israel, but they are getting ever more like the Nazis. Remember Zionism's main principle: 'A people without a nation are powerless.' Give the Palestinians (who were there first) back their country.
05/23/2014	Rev.Dr. Joan Kavanaugh	It's people like the Nassar family and their commitment to peace that are the only hope for coexistence in the Mideast. This is outrageous and should be condemned.
05/28/2014	Rev.Dr.. Joan Kavanaugh	We share your grief and outrage. We encourage you in your ongoing courage and sumud.
05/23/2014	Revd Enid Gordon	
05/22/2014	Reverend Alice Batcher	Israel has been trying for years with complete disregard for international law to displace the Nassar family. This current act of callous destruction is another insult to this peace loving family.
05/22/2014	Reverend Jill E. James	The actions of the Israeli military (and the inaction by the courts) plainly show that Israel is not in any way interested in peace. I regret that my government has anything to do with the State of Israel and its illegal actions on the Nassar Tent of Nations Peace Project.
05/24/2014	Reverend Sandra R Mackie	
05/23/2014	reza pourkohan	
05/30/2014	Rhoda Rosen	I have visited the Nasser farm. The only reason it is perceived as a risk to Israel is because of the three settlements that surround it. The settlements are the issue. Israel should be condemned for it's continual land grabs, which in turn are used to 'justify' so called security measures. Israel's policy towards Palestine and Palestinians is abhorrent.

05/22/2014	RICHARD	
05/23/2014	Richard & D. Elizabeth Blakney	This is an unacceptable violation of human rights and the IDF has targeted a Palestinian family committed to peace. Tragic for all!!
05/22/2014	Richard Abdallah	This action against Tree of Nations is not just 'unhelpful',to use the language often employed by the US government in these situations, but evil effort to destroy the hopes of two peoples to live in peace and security.

05/22/2014	Richard D Tait	It is a tragedy that Mr. Nasser is being punished this way after all he has done through the years to work for peace.
05/23/2014	Richard Davila	The Israeli government and military squander the goodwill of Americans when they destroy the farms and lives of people like the Nassar family.
05/22/2014	Richard DeBona	The Israeli invasion of the Tent of Nations Peace Center near Bethlehem is outrageous. It is illegal even by Israeli law. Please intervene and stop this aggression.

05/21/2014	Richard E. Allison	
05/23/2014	Richard Fralin	
05/29/2014	Richard G. Guthrie	This is absolutely despicable and an enormous crime against humanity and the cause of peace. These sociopathic thugs ought to be hauled to the Hague immediately. For shame! For shame on our government for continuing to support such brutish, vicious, criminal activities! THIS MUST NOT STAND.
05/23/2014	Richard G. Herman	It is unconscionable what Israel is doing.
05/22/2014	Richard G. Watkins	
05/21/2014	Richard H Leon	
05/22/2014	Richard Hale	One more illegal action clearly demonstrating that Israel's goals are to grab Palestinian land and not to make peace with them. They should be stopped and sanctioned!
05/23/2014	Richard Kroll	This type of cruelty against a defenseless people has gone on unabated since Dec. of '47 because our gov't keeps rewarding the state of Israel every day with our military, diplomatic, and financial support(our tax dollars). Thus we are all complicit in the never-ending crimes the Israeli gov't commits every day: their deliberate cold-blooded impoverishment of Palestinians in Gaza and the West Bank.
05/23/2014	Richard Marcuse	
05/23/2014	Richard Mayfield	I find this whole action completely reprehensible. It is a constant disappointment to me that our government continues to encourage and fund acts of oppression such as this. We need to hold Israel to the same standards we hold everyone else to. Illegal actions should be punished and reparations should be made.
05/21/2014	Richard Myers	
05/24/2014	Richard Neldon	Please do justice.

05/23/2014	richard pearson	Shame, shame. Tent of Nations you have my love and support.
05/23/2014	Richard Phalen	The Tent of Nations is a treasure -- what a pity some idiots destroyed parts of it.
05/29/2014	Richard Poethig	
05/22/2014	Richard Quaintance, Ph.D.	It is far past the time that we as a nation, who claim to promote freedom, equality and justice, examine the way in which Israel creates an apartheid against the Palestinian people. For years we have poured millions of dollars into Israel to try to right a wrong that cannot be righted. Yet we ignore the fact that they themselves are engaged in an agenda against the Palestinian people that is just as heinous a crime. It is time for this to stop.

May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/24/2014	Richard Reidinger	his is outrageous, attacking a nonviolent organization.
05/22/2014	Richard Stephen Shakeshaft	I personally witnessed the discrimination, harassment and terrorism inflicted on this peace loving Christian family by the IDF. The Nasser family has lived on this West Bank farm for almost 1,000 years. The recent destruction of hundreds of their olive trees is a blatant act of terrorism on violation of international law. Why is my government silent???????
05/27/2014	Richard Stoltzfus	This is certainly not the first time that I have heard of the rampant destruction of generations-old Palestinian lands by the Israeli military and Israeli 'settlers'. My heart goes out to, in this case, the Nasser family and it is further hardened against the Israeli government. I believe that justice will be meted out in God's time for these tragic actions.
05/24/2014	Richard Toll	
05/22/2014	RICHARD WARGO	What great injustice happened here! Go into your scriptures and see what God thought of such actions. Beware people of Israel!
05/30/2014	Rick Nutt	
05/22/2014	Ridgely Fuller	We are beyond disappointed in this cruel and unjust act by Israel. We watch for this situation to be rectified quickly and for the Nasser family to be treated with Human Dignity and compensated in a just manner quickly! This family has been a model example of a Peaceful future for ALL children. The propagators of such actions should be ashamed. These actions were a defilement of the Torah's care of Creation /fruit trees and our neighbor found in mankind. A world once so silent for too long when injustice happened to our Jewish people...May no one ever replicate the actions or the silence ever again.
05/22/2014	Rik Hildebrand	I just learned about this wonderful and historic community this evening. I'm horrified at its destruction. What can possibly be the excuse?

05/23/2014	Robert David Kaylor	Another illegal and unjust act!
05/21/2014	Robert deFreitas	I'm outraged that the Nassar family has had to endure these brutal attacks by the Israeli military for decades even though the Nassars hold the deed to the property!! It's time that the US opens its eyes and stops giving billions of dollars in aid to Israel, an apartheid country, as they continue to break every international law on the books! Israel's intentions are clear....to drive every Palestinian off his land so that the stolen land will belong entirely to Jews. When will US political leaders wake up?

05/22/2014	Robert G. Hansen	
05/24/2014	Robert Glenn Rowley	
05/24/2014	Robert H. Stiver	I visited the Tent of Nations last November and I am devastated that Israeli bulldozers left a path of absolute destruction at this 'Oasis of Peace.' This is an abusive and violent act against a peace-seeking Palestinian family.
05/22/2014	Robert Hoyle	My beloved Israeli sisters and brothers, I plead with you to stop the actions against peace-making communities. They are providing an opportunity for both you and our Palestinian brothers and sisters to find paths to living together in peace. They are providing sustenance-food and care to those who suffer. Prayers for peacemakers and you! Rev. Joan Bell-Haynes
05/21/2014	Robert J. Hadley	I am appalled that my taxpayer dollars which support the Israeli military are being used in this way in clear violation of U.S. law on the use which can be made of our military aid. This outrageous incident is just the tip of the iceberg for Israeli abuse.
05/26/2014	Robert Keilbach	My husband's niece married into a family of orthodox Christians formerly of Palestine that had lost their ancestral lands due to Israeli incursions. It is not 'anti-Semitic' to regard as morally reprehensible the kind of actions that the Israelis have taken against the Nassar family and their Tent of Nations Peace Project. Moreover, it is high time that the world stop casting all protests within Israel to the current Israeli actions against resident Palestinians as the work of (probably Muslim) 'terrorists'. It's amazing to me how a community that suffered so much because of the Nazi holocaust can treat others as they were once treated by a truly evil bunch of characters, rather than as the neighbors God has always called all of us who believe to love as we have been loved by our Maker and need to be loved by fellow human beings.

We must STOP turning a blind eye to the Israeli atrocities simply to maintain PAC campaign support. PLEASE!

05/25/2014	Robert Miyake-Stoner	This is unconscionable and must not be ignored.
05/21/2014	Robert Moyer	For a family that lives by the motto 'We refuse to be enemies', this action by the Israeli Military is outrageous.

05/23/2014	Robert Ruane	There is a rock on this farm engraved with the words: 'We refuse to be enemies.' Why have bulldozers pushed aside these real efforts for peace?

05/21/2014	Robert Worley	I am saddened by any of our fellow human beings who do not value people and the gift of creation. It is a crime against nature itself to destroy this farm and people's livelihood. I pray that all God's creatures (humans and trees) might be respected and valued.
05/28/2014	Robert Wynne	
05/22/2014	Roberta Motanky	Israel MUST be held to international law standards. As an occupier, they must protect the lives and livelihoods of people under their control. This act is totally unconscionable. The US, as Israel's defender and bankroller, has a moral duty to act.
05/24/2014	Roberto Currie, S.J.	This is unconscionable. It not only violates the human rights of this family, it has irrationally destroyed so many sources of food (mature fruit-bearing trees) necessary for human life. How could you?
05/25/2014	Robin Fine	
05/21/2014	Robin Razzino	The Nassar Family has owned this land since before the creation of the State of Israel. What Israel has done is illegal and against international law. I demand that we hold Israel accountable for their actions.
05/23/2014	Robin Van Tassell	Having visited Israel and Palestine on a mission trip in 2009/10, and seeing the mal treatment of the Palestinian people's, this type of action in reprehensible, irresponsible, and unacceptable! 05/22/2014	Rogene M Howe	It is outrageous that anything be destroyed in that manner but Food, what is the purpose. Isn't it time the USA took off it's blinders that support the atrocities Israeli does to the Palestinians and stand up for Human Rights in that land?

05/28/2014	roger j newell	This is distressing news which deserves close scrutiny by the United States. Those who consciously and consistently chose the path of non-violence in the defense of justice should be heeded, not penalized.
05/22/2014	Roger Salisbury	The government of Israel as a government of laws, not willful actions, must rebuild what it destroyed on this peaceful farm.
05/24/2014	Roger W Carpenter	This latest outrage in a myriad series of outrages for decades must convince any but the most ardent deniers that the terroristic state of Israel is a devil nation. A question: a la Israel's periodic back-handed slaps to Biden, Obama and Kerry, does this desecration of a Christian family's farm and land have anything to do with Pope Francis' visit to the Holy Land? My empathies lie with Mr. Daoud Nassar, his family, his precious land, and all Christians and Muslims of the Holy Land.
05/27/2014	Rommy Aiken	We ask for justice, equality and respect. May the oppression stop.
05/27/2014	Ron Clark	Imagine if a Palestinian government had the audacity to destroy private property of Israelis in this way! This truly is an apartheid government! The Israelis I know are good people and do not deserve such a government.

He seeks only peace for Israel and Palestine, but a peace that is fair and just for ALL people in both countries. This illegal act by the Israeli Military is heartbreaking and appalling!!! Since the negotiations have broken down the United States must use other tools to force the Israelis to stop! In 2014 the US is giving Israel \$3.4 BILLION dollars!!!! Let's take that away until they agree to an accord that is fair to the Palestinians. That should include moving the wall to the green line and withdrawing illegal settlements from the West Bank. The US is as shameful as Israel unless we stop this illegal and cruel aggression!!!
05/27/2014	Ros Gaul	This act typifies the way Israel has achieved expanding its claim to land that is not legally theirs; it is not a new trick but one that should be considered the 'last straw.' It is upsetting to me that my country continues to generously support a nation that acts so out of accordance with legal norms.
05/21/2014	Rosalie Kramer	Please do whatever you can to help this family keep their land. Instead of reacting to injustice with violence they have refused to become enemies of those trying to take their land. They have involved many adults and children from their own area and from around the world and promote peaceable activities. Now the Israeli military has destroyed their mature fruit trees. I strongly urge you to investigate this tragic situation, prevent further destruction of the family's farm, and give them no reason to lose heart as they continue to live by the Christian hope embodied in their motto, 'We refuse to be enemies.'

05/26/2014	Sarah Forman	What is the matter with the Israelis? Is it not enough that they have stolen most of Palestine? They need to make it impossible for the remaining Palestinians to live there before they will be satisfied? Why is my taxpayer money going to the unjust cause of keeping the Israelis safe from the justified wrath that they have provoked? It is time for the Israelis to learn to live in peace with their neighbors and for the United States to become part of the solution, not a crutch for Israeli business as usual.

Even the blind in Gaza wonder how freedom will rise out of all this pain.</p> <p>Hate is a terrible teacher. Generations survived from Warsaw remember the lesson too well. What must we do when brothers and sisters kill each other without apology. 'He started it,' they protest, pointing rockets at each other.</p> <p>Sarah, will your heart be forever hard to keep Hagar's children outcast always? 05/22/2014	Sophie Toujas	For anyone, Jewish or not, who has studied the actual history of Israel's behavior toward the Palestinian people, this latest maltreatment is utterly characteristic of Israel's inhumane policy of making life so difficult for Palestinians they will leave. As a Jewish and former loyal supporter of anything Israel did, I have come to the realization, backed by solid and overwhelming evidence that Israel is an ethnic cleanser and serial violator of international law. Furthermore, I am virtually certain that if Israel were indicted for Crimes against Humanity, assuming honest and clear cut evidence was presented, it would be found guilty.

05/21/2014	Stephen H. France, Esq. The brutal, lawless assault on their trees and land raises major questions about Israel's intentions and good faith toward Palestinians. 05/23/2014	Susan M. Richardson	
05/24/2014	Susan MacPhail	Israel has betrayed their original grant by violating the rights and persons of Palestinian neighbors. They must repent and restore the family lands & property.
05/23/2014	Susan Massad	
05/22/2014	Susan mcombs	This destruction is an outrage and must be confronted!
05/28/2014	Susan Miller	
05/22/2014	Susan Nye	
05/24/2014	Susan Oehler	The destruction of the orchard is very sad and wasteful! The Israeli government should act peacefully and fairly. My prayers for peace and healing are with all!
05/24/2014	Susan P. Sonstrom	I am both outraged and deeply saddened by this latest attack on the land of a family deeply committed to non-violence and peace, and who has a deed to their property dating back to the Ottoman Empire. They refuse to be enemies and yet are treated as enemies. Shame!
05/23/2014	Susan P. Wilder	Our church group is shocked at the Israeli brutality; we visited this area and are shocked by this gratuitous abuse.
05/24/2014	Susan Points	As children must learn in VBS in Israel... 'The land belongs to us, you know, For the Bible tells us so.'
05/22/2014	Susan Rogers	All the evidence so far makes the Israeli Government look very bad and increases the growing disfavor appearing in mainstream press against Israel.
05/24/2014	Susan Schacher	On the eve of Pope Francis' arrival in Israel, I urge the Government of Israel to address this injustice with the urgency it requires. True peace must rest on a foundation of justice. That peace is called Shalom.
05/23/2014	Susan Serpa	
05/23/2014	Susan T. Nicholson, Esq., Ph.D.	Human rights are trampled as israel continues to grab land for more settlements. It is shameful and should not be tolerated.

05/25/2014	Suzanne Zimmemann	May this help to make PEACE prevail
05/26/2014	sydney Levy	There is no viable reason or excuse for this action. Harassment like this only breeds further resentment toward the settlers, the military and the Israeli government's inability to control its own people. The reaction from law-abiding people around the world will likely result in extensive negative backlash upon the settlers and increase the call for two states, as the Pope did today.

05/21/2014	T Cho	The Tent of Nations is committed to peace and Israel shows it is not committed to peace. Israel is committed to the destruction of the Palestinian people and their presence in their historic homeland of Palestine.

05/31/2014	Terra Winston	As a member of The Riverside Church I had the privilege to hear Rev Naassar preach at our church. His is a courageous and timely message
05/24/2014	Terrell E. Arnold	Tent of Nations is a beautiful place of peace, and the destruction of their land is a tragedy. Palestinians deserve to be protected against vandalism and trespassing.
05/23/2014	Terri Ginsberg	
05/21/2014	Terry Chapman	It is an embarrassment for us that our country gives cart blanche to the Israelis and their horrid actions. Please count on some of us !
05/21/2014	Terry Lynn Markos	There was no reason that the Israeli Military did it. I do not understand why people continue to do such this thing to people who live in there!
05/30/2014	Terry S. Gock	
05/27/2014	Terry Sullivan	
05/23/2014	Tessa Bielecki	Tent of Nations proclaims that they refuse to be enemies. What better time than now for Israel to seek reconciliation with the people they are oppressing. It will be in the highest tradition of the Prophets and Judges of the Old Testament.

05/28/2014	the Rev. Fletcher Lowe	This has got to stop.
05/29/2014	The Rev. C. Denise Yarbrough	Why do we need to continue protecting aggressors? In doing so we become the same.
05/21/2014	The Rev. Carol L. Huntington	As a Jew I can separate the issue of my people having a homeland from the issue of maintaining a war against the Palestinians who are being forced from their homeland to live in ever decreasing spaces devoid of all the opportunities to work, study and provide for families that Israelis have in abundance. It is wrong.
05/21/2014	The Rev. Dr. Allie Perry	
05/21/2014	The Rev. Dr. C. Denise Yarbrough	I am appalled at the most recent actions by the Israeli military. This family works tirelessly for peace and reconciliation and they have a right to farm their ancestral land without this constant harassment. I visited their farm and know the work they do first hand. We must stop this illegal action!
06/01/2014	The Rev. Dr. Diana Clare Gibson	I strongly support this

05/29/2014	The Rev. Dr. Ervin G. Roorda	This is just awful but these kind of illegal actions occur daily in the West Bank and in East Jerusalem. Shame on Israel.
05/30/2014	The Rev. Dr. Larry Grimm	The destruction of fruit and almond trees on the documented property of the Tent of Nations is an act of lawless vandalism. Given the near total consistency of US support for Israel, this act of arrogant violence should win from US authorities something far different from silence.

05/30/2014	Theodore von der Ahe	
05/21/2014	Theresa Domanski	This is a gross intrusion of human rights of the Nassar family, who went above and beyond the requirements to save their orchard and livelihood! It is unconscionable to see a family who owned this land from the Ottoman Empire to be destroyed in this manner. Do the Israelis forget the tragedy of the Nazis -- do they have no compassion for a people who are just trying to raise their children without asking for handouts?

05/22/2014	Tracy Wallach	I am angry and grief-stricken to learn of the destruction of the orchards. I had the opportunity to visit Tent of Nations five years ago and see firsthand its hill of beautiful trees. Daoud Nassar was a kind host, an obviously peaceful man who just wants to farm his land.
06/01/2014	Tricia Dykers Koenig

05/23/2014	Vera Funk	
05/21/2014	Verna Boland	The Nassars are living their faith: following Christ, and 'refusing to be enemies'. They are superb examples of love and respect. But even if this wasn't true, why are they fighting this battle to hold on to their farm when they have legal documents of ownership?? Does the US support justice? The immense amount of aid we give Israel helped to destroy this Christian family's trees. I object to this use of my tax dollars.

05/25/2014	Vincent E Meleski	I never cease to be amazed at the loving patience of so many Palestinians in the face of such brutal injustice. May 20 — June 4, 2014 --- FOTONNA Emergency Response Plan --- Red Alert! --- Petition Response

05/21/2014	virginia feldman	This action by the Israeli government was illegal as the case was in court still. It was also cruel and wrong. The Nassar family is a peace making family who invite in settler and soldier alike to their farm. Israel should repay any losses and restore Daoud Nassar to his land. They have owned it since the Ottoman empire ruled the land. They have legal papers to prove it. It is not State owned land at all.

05/22/2014	Walter Matthews	
05/23/2014	Walter Nicora	I see that uprooting and destroying literally millions of Palestinian olive trees just isn't enough for the illegal Israeli occupiers; they need to destroy Palestinian apple and apricot orchards and grape vines as well. The fact that the Nassar family extends an olive branch and wants to live peacefully with its Israeli neighbors is probably all the more reason Israel feels threatened by the Nassars and thus the need to destroy their crops and land, as Israel doesn't want peace, it wants more land; hence, the need to punish any Palestinian who shines a light on that ugly truth or who defies the Israeli propaganda machine's portrayal of all Palestinians being terrorists.
05/25/2014	Walter Stelzer	
05/23/2014	Wanda Snyder	
05/31/2014	Warren B. Cooper	This is unacceptable and should be formally addressed by the U.S.
05/23/2014	Waveland King	Israel must stop stealing land and its policy of ethnic cleansing.
05/23/2014	Wayne & Ann Lee	The Israel Palestine Mission Network of the Presbyterian Church (USA) condemns in the strongest ways this incursion on the Nassar family's land and the Tent of Nations. Land confiscation and agricultural destruction outside the legal processes of the State of Israel manifests the lack of democratic process and protection that the State of Israel claims it executes under the Occupation of Palestine. We call upon the State Department and the Congress of the United States to investigate the actions of the military forces in this violence to the Nassar's land and livelihood.
05/23/2014	Wayne D Kurtz	My sister knows the Nassar family personally and has been deeply moved by their dedication to peace. It seems unconscienceable that our country would continue to support Israel virtually with no reservations while they perpetrate such crimes. We need to hold Israel accountable. We become complicit in their crimes by turning a blind eye.
05/21/2014	Wayne Smith

05/22/2014	Wendy Weinland	Shame on Americans if we let this continue.
05/25/2014	Werner De Bus	I have visited this place and was impressed by their dedication to non-violence. You should be ashamed. God is not on your side.

In The Godfather movie the statement is made, 'It's not personal; it's business.' Or better stated from the 1970's and poorly stated on my part, 'The personal is political.' It's a political decision by military courts but more importantly, it's personal. Personal not only to the family but to anyone who believes in social justice. Jews have a long history of commitment to social justice issues, particularly to unpopular issues.

05/27/2014	Zakaria Shaikh	Our acceptance of Israel's attack on its non-Jewish citizens is wrong and akin to accepting racial genocide. They are using force to bully others into leaving or giving up their land. Please stop supporting a government that condones and encourages such actions.

06/02/2014	Having visited the Tent of Nations this past January and our entire delegation, all 28 of us, having planted trees, it was particularly sad to hear of the awful destruction at the Nassar's farm.

06/03/2014	Crazy like a fox, yes! That's exactly what Jesus was. Thank God for your work, Rick. I wanted more than anything to go with you in January, realized I wasn't going to be able to pull it off, and backed away. Never stopped feeling sad about it. This note from you about the Nassars and the trees you and Teo planted made me feel better. God bless you. 06/03/2014	As a retired Presbyterian pastor, I have worked over several years to bring open communications and community to people of differing faiths. I feel strongly that this farm represents an international effort to resolve a seemingly intractable conflict in a peaceful way. Let it be known that the Nassar family enjoys a reputation for peace far beyond the boundaries of the Middle East Lerold W Chase, USA

06/03/2014	This was an inhumane, vindictive and provocative act against peaceful farmers.

06/03/2014	I visited and was moved by the extraordinary Christian commitment of the family...AND I RETURNED TO THE U.S. & told others

06/03/2014	Hang in, Nassers. Justice will ultimately prevail.
06/03/2014	Please honor the history of this Nassar family by allowing them to be on their homeland and be the caretakers of land that has been in their family for many, many generations.
06/03/2014	I totally agree. Isreal has gone from the oppressed to an oppressor.
06/03/2014	Thanks for continuing to remind us of the injustice the Palestinians suffer everyday at the hands of the Israeli.

06/03/2014	This is a tragedy. It is apparent that the Israeli Military do not adhere to the law but make their own. It is difficult to understand how the Israelis who know persecution can inflict such criminal actions on the Palestinians.

06/03/2014	With Jewish heritage, I cannot understand how my people can treat the Nassar family this way. I am appalled at the way my 'relatives' are treating the Nassar family.

06/03/2014	These actions by the Israeli Military are not only illegal but inhumane. Shameful!!!!
06/03/2014	I visited the Tent of Nations in Feb. with a group from the Synod of the Southwest. I was so impressed with the attitude as well as work of Mr. Nassar. It was a blessing to be in his presence. What a Christian Giant he is.

06/03/2014	Please support these efforts and investigate as soon as possible
06/03/2014	Proud of my Jewish heritage on my father's side, I am appalled at the way Israel is treating this family--a family with documented rights to its land. How long, O Lord, how long?

06/03/2014	I visited the Tent of Nations 3 years ago and am so sad and outraged that such an act of destructions could take place. I believe in the Nassars's motto 'We refuse to be enemies.
06/03/2014	Stop harassing this wonderful family. The destruction of their orchards is unconscionable. Please follow the law.
